L. XXV, NO. 123

GAJNESVILLE, FLORIDA, THURSDAY, JULY 2, 1908

TEN CENTS A WEEK

JUDGE GRAY WOULD

Please the Labor Vote, Say
Nebraskans, As

R. BRYAN'S RUNNING MATE

Is Asserted by the Nebraskans that
the Democratic Party Will Make Its
Strongest Bid for the Labor Vote—
Injunction Plank.

Lincoln, Neb., July 1.—The Ne-
braska delegation to the Denver con-
vention will approve any New York
man on whom the factions of that
state can unite for vice president.
Failing in this, Nebraska will vote
solidly for Judge Gray for vice presi-
dent. The record of Judge Gray
is regarded as one of the best for
handling the labor votes and it is for
these votes that the democratic party
is going to make its strongest bid, as-
sert the Nebraskans.

The Nebraska delegation, which is
considered in accord with Mr. Bryan,
every particular, is standing for a
strong anti-injunction plank which will
satisfy the demands of President Gompers
and other labor leaders. This
movement will be further pleased with
the nomination of Judge Gray for vice
president if the New York factions
cannot agree on a man.

The visit of Josiah Marvel, of Wil-
lington, Del., the manager of the
Judge Gray campaign, has accentuated
the belief that the Delaware man is
persona grata with Mr. Bryan.
Mr. Marvel visited the Fairview
for some time, but has not yet given
any statement further than that
Judge Gray will be the nominee for
resident.

The tariff plank of the democratic
platform will be very similar to those
platforms of former years. The
attitude of Nebraska democrats on the
tariff has not changed and they will
demand revision at once, according to
prominent democrat who is close to
Mr. Bryan.

A RECORD FOR BRAVERY.

Captain Wilson Has Saved Sixty-Seven
Persons from Drowning.

New York, July 1.—"Well, she's
a sixty-seventh I've saved from
drowning," said Captain Frederick C.
Wilson, as he dragged Miss Laura
Walsh out of the Kill von Kull and
laid her on the Bayonne beach.

Ten minutes before the captain had
seen Miss Walsh, who lives at Port
Richmond, Staten Island, fall over-
board from a pier, and without waiting
even to kick off his shoes, he had
lunged to her rescue. He had the
young woman in his grasp before she
had time to sink.

It was Wilson's forty-seventh birth-
day and he felt extremely proud to
have been able to celebrate it with
a rescue. He has several medals
awarded by the government for bravery.
Two winters ago Wilson rescued
three boys who were drifting to
their death on an ice floe on the Kill
von Kull. Wilson's home is on the
bank of the famous pocket James Mo-
nahan, which is her day was known as
Queen of the Atlantic. He pur-
chased the bulk three years ago and
beached it on the Bayonne sands.

Highwayman Robs Teacher.

Cleveland, O., July 1.—Miss Em-
ma Tappan, a teacher from Dal-
las, Tex., was held up and robbed of
her purse and a return ticket to Dal-
las by a negro who grabbed her by
the throat at East Eleventh street
and Euclid avenue. Miss Tappan
was on her way to her boarding
house when the negro stepped from
behind a tree. He missed a blow
at her head, then grabbed her by the
throat and despite her struggles,
pulled away her handbag and pocket-
book.

Policeman Crushed Under Car.

Athens, July 1.—William A. Bon-
nell, one of the oldest members of the
Athens police force, was knocked
down by a street car opposite his resi-
dence on Monday and both legs were
badly crushed. He was taken to the
hospital, but the physicians believe his
injuries will prove fatal, as he is a
man well advanced in years.

HIGH LICENSE PREVAILED.

New Saloon Regulations To Be Tried
in Louisiana.

Baton Rouge, La., July 1.—That
Louisiana shall be a high license state
for the next two years, at least, was
finally decided by the assembly when
the senate passed the Shattuck Gay
liquor bill by a vote of 29 to 4.

This measure has passed the house,
and it known to have the governor's
approval. It fixes the minimum per-
mit license at \$500, minimum state at
\$200, with maximum licenses running
up to several thousand dollars each.

The prohibitionists made a strong
fight and such a good showing that
their leaders claim they have an excel-
lent opportunity to pass a statewide
prohibition law when the next assem-
bly meets two years hence.

Meanwhile the high license experi-
ment will be tried under most interest-
ing circumstances. More than half
the territory of Louisiana already is
dry under local option laws. In this
dry territory lives nearly half the
population of the state. The total
area of Louisiana is 45,426 square
miles, and of this approximately
27,000 square miles is dry,
leaving a little over 18,000 square
miles in which the saloon is permitted.
The population, according to the 1900
census, was 1,331,625, of which approx-
imately 550,000 persons live in dry ter-
ritory, leaving over 800,000 in the
saloon territory.

The high license law is expected to
give the state close to \$300,000 ad-
ditional revenue yearly.

CONDITIONS ARE IMPROVED.

People and Railroads Are on More
Amicable Terms.

Montgomery, Ala., July 1.—Presi-
dent Charles Henderson, of the Ala-
bama railroad commission, in an in-
terview said that the railroads and the
people are on more amicable terms
than at any time in many years. He
has just returned from an inspection
trip covering ten counties, and says
that the railroads are making every
effort to give the best of service.

Claims are adjusted with little delay
and accommodations are adequate and
freely provided. As a rule, the
roadbeds are better, depots more in
line with needs and trains are doing
well in taking care of travel promptly.

TWO KILLED; TWENTY HURT.

California Limited on the Santa Fe Is
Wrecked.

Winslow, Ariz., July 1.—The west-
bound California Limited on the Santa
Fe was wrecked near Hardy, 12 miles
east of here, killing two trainmen and
a passenger, and injuring about twenty
persons, only nine of whom are
said to have required hospital treat-
ment.

While going at a good rate of speed,
the train struck a burned bridge ex-
tending over a ditch 60 feet wide. The
engine, mail car, accommodation car
and diner were badly wrecked, fall-
ing into the ravine, and the fireman
and engineer were buried under the
wreckage.

Mysteriously Disappears.

Cuthbert, Ga., July 1.—J. W.
Lee, a prominent citizen, a leading and
successful planter of Randolph county,
widely known throughout central Geo-
rgia, has mysteriously disappeared from
his home near Springdale, a few miles
from Cuthbert, and notwithstanding
persistent and unremitting search by
three of his sons, by other relatives
and by the police departments of the
three or four cities, nothing reliable
has been obtained as to his where-
abouts.

Sentinel Kills Woman Prisoner.

Kiev, July 1.—Madam Giselle
Sherstnova, who was confined in the
political prison here, was Tuesday shot
and killed by one of the prison senti-
nels who discovered her signalling
with a mirror to some of her co-pris-
oners. She was standing at a win-
dow at the time and the sentinel's first
shot killed her.

Dead While Singing in Choir.

Pittsburg, Pa., July 1.—While
assisting in a duet at the First Bap-
tist church at Jeannette, Pa. Irene
Austin, aged nineteen years, the com-
poser of the choir, suddenly fell for-
ward across the choir rail, dead.
Death was due to heart disease.

POISONED ALE SENT

Philadelphia Physician Probably
Victim of Foul Play.

POLICE WORKING ON A CLUE

Sensational Developments Are Likely
To Follow the Death of Dr. William
H. Wilson—Theory of the Police a
Rather Startling One.

Philadelphia, Pa., July 1.—The po-
lice of this city hope to be able to
make an important move in the case
of Dr. William H. Wilson, who died
suddenly last Friday night after drink-
ing a bottle of ale and who is believ-
ed to have been poisoned.

It was at first thought that the doc-
tor had died from natural causes, but
there were so many suspicious cir-
cumstances surrounding his death that
the coroner investigated. This re-
sulted in an expressed opinion that
Dr. Wilson was poisoned and that he
did not administer the poison himself.

Had Remunerative Practice.
At the house where Dr. Wilson had
lived for about ten years, there was
no sign indicating that a physician
lived there. He did not do a general
practice in the neighborhood. He
had patients, however, and they are
said to have been principally women
who were able to pay well for his
services. The line of practice the doc-
tor had was highly remunerative, for
he was noted as a "good spender,"
and he had a summer home at Corn-
wells, near Philadelphia, a steam
launch and an automobile.

The motive for the supposed murder
is believed to be hidden in Dr. Wil-
son's medical practice. The theory
of the police is that a male friend or
relative of a woman who is believed
to have died after receiving medical
attention at the hands of Dr. Wil-
son sent the poisoned ale.

Very Important Clue.

Frank Pau, the coroner's detective,
left the city to run out what is con-
sidered a very important clue. Before
leaving he said there was no doubt
that the ale contained cyanide of
potassium. The ale was delivered by
express and has been traced to a cer-
tain place which is now under surveil-
lance.

Dr. Wilson's wife had a narrow es-
cape from death. When Dr. Wilson
opened the pint bottle of ale he pour-
ed half of it in a glass and offered
it to Mrs. Wilson. The doctor took
the first drink, and noticing something
peculiar in the taste, told his wife not
to touch it. A few minutes later he
became ill and died on the way to a
hospital.

SAYS THEY ARE FICTITIOUS.

David B. Hill Authorizes a Denial of
Certain Reports.

Albany, N. Y., July 1.—Albert E.
Hoyt, editor of the Argus, has receiv-
ed the following self explanatory cable-
gram from former Governor David B.
Hill, the reference being to an inter-
view which was published widely as
coming from Mr. Hill on the day he
sailed for Europe.

In this interview Mr. Hill was quoted
as referring to Governor Johnson as
"the poor house candidate," criti-
cizing Mr. Bryan, and saying that
"there is no democratic party."

"Paris, June 29.—Hoyt, Argus, Al-
bany, N. Y.: Attention just called
to alleged political interview in Amer-
ican newspapers published after my
departure. They are fictitious. I
authorize you to deny same through
the Associated Press and otherwise."
(Signed) D. B. Hill.

Dead at Age of 104 Years.

Huntsville, Ala., July 1.—Mrs
Phoebe Church died here at the age of
104 years. She is believed to have
been the oldest resident in this sec-
tion of the country. Mrs. Church
leaves three sons, all over seventy
years of age.

Dependent, Man Kills Self.

New York, July 1.—William D.
Wheat, a New York paper merchant
having a store in Nassau street, com-
mitted suicide by inhaling gas. It
had been dependent for some time
due to an attack of paralysis.

"DRY" PLANK BEING SAWED.

Fight To Have One Put in Democrat-
ic Platform.

Denver, Colo., July 1.—The fight
over the anti-injunction plank in the
democratic platform is now the only
struggle in which the committee on
resolutions, and possibly the conven-
tion itself, may be involved.

It develops that the prohibition
question is to be brought to the front
and that a desperate effort will be
made to have a plank declaring in its
favor placed in the platform.

The prohibition movement will be
headed by General James B. Weaver,
of Iowa, who demanded of the recent
democratic convention in that state
that it declare in favor of prohibition.
General Weaver and his followers were
not successful in their efforts in their
own state, but, nothing daunted by
their failure, have made arrangements
to bring the matter up before the dem-
ocratic national convention.

They claim, moreover, to have a
strong backing from a number of the
southern delegations, which have re-
cently passed prohibition laws, and it
is declared confidently by General
Weaver's adherents that if the demo-
cratic national platform does not con-
tain a prohibition plank it will only
be for the reason that the hardest
kind of fighting has been unable to
secure its adoption.

CHANGE OF VENUE.

Mrs. Vinny Mizelle and R. H. Hall Be-
ing Tried on Murder Charge.

Mobile, Ala., July 1.—A Meridian,
Miss., special says:

Mrs. Vinny Mizelle and R. H. Hall,
of Wayne county, are on trial in the
circuit court here on charge of venue
charged with the murder of Joe Mi-
zelle and that they accomplished his
death through the use of strychnine
placed in medicine Mizelle was tak-
ing.

Mizelle died very suddenly and his
friends being uneasy, had the body
exhumed. An analysis is alleged to
have shown quantities of strychnine in
the stomach, and the arrest of Hall
and Mrs. Mizelle immediately follow-
ed. The defendants through their
counsel asked for a change of venue
to Lauderdale county.

District Attorney Harrison, of
Waynesboro, is prosecuting the case,
and Attorney Dan Taylor is chief coun-
sel for the defense.

BOTH LEGS CUT OFF.

Fate of Alabama Boy Who Ran Away
From His Home.

Birmingham, Ala., July 1.—Dale
Richmond, a boy in his teens had both
legs cut off in a local infirmary Tues-
day morning and Fred Bryant, a com-
panion, is missing as the result of an
accident which befell them while run-
ning away from home.

They had gotten no farther than
Atalla on the Alabama Great Southern
railroad when the Richmond boy fell
from a train on which they were beat-
ing their way and both legs were
crushed. He dragged himself for
some distance in order to attract at-
tention of passersby.

The Bryant boy was heard to cry
out but he is missing.
The father of the Bryant boy has
sent runners up the road believing
that his boy was killed.

Old Newspaper Man Dies.

Butte, Mont., July 1.—Colonel
Daniel Searles, for forty years a re-
sident of Montana, died at Anaconda
Monday at the age of nearly seventy-
nine years. Following his career as
editorial writer on the Butte Miner,
which brought him distinction, he
was associated at different times with
the Helena Independent, Helena Live-
stock Journal, Port Benton River
Press, Great Falls Tribune, Missou-
la Missionian, Butte Inter-Mountain,
Tribune-Express and the Whitehall
Zephyr.

Prince Howled Lustily.

LaGranja, Spain, July 1.—The
christening of the infant son of King
Alfonso, under the name of Jaime,
took place in the chapel house here
with all the pomp and ceremony of
the Spanish court. Prince Alfonso
attended the ceremony in the arms of
his governor, and howled lustily all
throughout the ceremony in contrast
to his little brother, who was most
quiet.

TAFT QUILTS CABINET

Last Day as Member of President's
Official Family.

BECOMES A PRIVATE CITIZEN

But Will Henceforth Devote His
Time Assiduously to His Campaign
for the Presidency Until the Fateful
Day of Election.

Washington, D. C., July 1.—
Tuesday was William Howard Taft's
last day as secretary of war. After
many years of distinguished services
to his government as a justice of the
United States courts, a governor gen-
eral of the Philippine islands, as sec-
retary of war, and as the special rep-
resentative of the government on sev-
eral delicate and important diplomatic
missions, he practically relinquishes
the performance, for a time at least,
of duties as an official of the United
States.

Formal Transfer to Wright.

The formal transfer of the war de-
partment from the administration of
Secretary Taft to that of Secretary L.
B. Wright, his successor, took place
Wednesday.

Secretary Wright will enter upon
his new duties with substantially a
clean slate. The last duty to be per-
formed by Secretary Taft was the for-
mal presentation of his successor to
Assistant Secretary Oliver and to the
bureau and division chiefs of the war
department. With his best wishes
to Secretary Wright for his successful
administration of the great depart-
ment, the affairs of which he has
been chosen to administer, Secretary
Taft will become once more a private
citizen.

From now until the fateful day of
the elections next November, he will
devote himself assiduously to his cam-
paign for the presidency of the United
States.

Goes to Hot Springs, Va.

Secretary Taft says that Mrs. Taft
had so arranged the breaking up of
housekeeping in Washington that they
would not be able to leave here until
next Friday for Hot Springs, Va., at
which place they will remain until
the first of September.

The likelihood is that when Mr. Taft
leaves Washington on Friday it will
be not to return to the national cap-
ital until after the November election,
and, in the event of his election to the
presidency, he may not return to the
city of Washington until two or three
days before his inauguration on the
fourth of next March.

GRIM COURAGE SHOWN.

Dying Man, Caught in Machinery, Di-
rected Work of Rescuers.

Birmingham, Ala., July 1.—G. B.
Myrick, an electrical engineer at the
steel plant at Asahey, lived for an
hour with his left leg and arm ground
to pieces and the side of his body so
badly lacerated that his left lung was
exposed and the beating of his heart
was visible.

The engineer had been caught in the
cogs of an overhead crane, which had
to be taken to pieces to extricate the
body. Myrick himself directed the
workmen, and 40 minutes was required
to get him down. He retained con-
sciousness until he died, twenty min-
utes after reaching the hospital.

Many Men Return to Work.

Dubuque, Iowa, July 1.—Following
the announcement a few days ago of
the Illinois Central road that eight
thousand men on the various divisions
would be put back to work, 400 em-
ployees, of the Chicago, Milwaukee
& St. Paul road, particularly men kid-
napped in the shops, were put back into
service. They return to work on a
ten-hour a day schedule and six days
a week.

Mrs. Moore Elected President.

Boston, July 1.—Mrs. Philip N.
Moore, of St. Louis, is to be the pres-
ident of the General Federation of Wo-
men's clubs for the next two years.
Having defeated Mrs. May Alden Ward
of Boston, the presidential candidate
nominated by the nominating committee.
Of the 306 votes cast, Mrs. Moore
received 154 and Mrs. Ward 152.

A HOT OLD GAME EXPECTED TODAY

Fats and Leans Will Come Together for
Championship Honors.

MANY TICKETS ARE BEING SOLD

The Game Will Be Played for the
Benefit of the Gainesville Military
Band, Which Will Render a Concert
at the Grounds.

Today will be the day of all days
for lovers of the National game, the
event being the contest between the
famous "Fats" and "Leans," which
will be pulled off for the benefit of
the Gainesville Military Band.

The game will be called at 3:45 p.
m., and, judging from the number of
tickets which are being sold, indica-
tions are that the crowd will be the
largest of the season.

The band and both teams will as-
semble on the square at 3:30 o'clock

this afternoon, when they will lineup
for a parade to the park, accompanied
by the umpires, Hon. Henry S. Chubb
and L. J. Burklim, the official scorer,
Rev. S. B. Rogers, and the official
water-boy, Benj. F. Miller. It is need-
less to add that this will be one of
the striking features of the afternoon
—the beginning of an afternoon of
fun.

Those who have the management

of the event in hand guarantee \$500
worth of fun for 25 cents.

The proceeds will go for the benefit
of the band, and every public-spirited
citizen of Gainesville should purchase
a ticket, whether they attend or not,
as the band is badly in need of funds.
The organization is one of the best
advertisements the city could have,
and it is hoped our people will en-
courage the boys by their presence
today.

The line-up will be as follows:

"Leans"—E. A. O'Neill, captain, 2b;

OFF TO PALATKA.

The Gainesville Ball Team Will Play
the Gem City Boys Today.

The Gainesville Baseball Team
will leave this morning for Palatka,
where this afternoon they will cross
bats with the boys of the Gem City.

Palatka has been playing some
swift ball this season, having won
ninety per cent of all games. The
Gainesville boys are going up against
a hard proposition, but they feel con-
fident of winning.

COL. CHUBB REPLIES.

Declares O'Neill and Lynch Have Both
Been Putting Him on Back.

Editor Sun: I was greatly pained
to read the communications and dis-
cussions in your valuable paper, be-
tween Capt. E. A. O'Neill of the
"Leans" and Capt. L. C. Lynch of the
"Fats."

The intense ambition of these ath-
letic gentlemen to win the coming
great ball game, while extremely
praise-worthy, seems to have excited
their emotions, heated their brains and
expanded their imaginations to a de-
gree where they evidently think that
winning a baseball game depends, not
so much upon playing good, sharp,
snappy ball, with good head work, as
it does to secure the good offices of
the two umpires and official scorer.

Messrs. Burklim, Rogers and my-
self do not live in a rarified atmos-
phere, nor do we arrogate to our-
selves angelic or extraordinary vir-
tues, nor are we saintly enough to
overcome a diplomatic and dignified
approach, or a suggested considera-
tion that carries with it value, but in-
asmuch as Capt. O'Neill of the
"Leans" and Capt. Lynch of the
"Fats," during the past few days, have
offered us only the "glad hand," "the
winning smile," "the happy greeting,"
and the "shoulder slap," none of
which are deemed the currency of
the realm, in our city, and cannot be
used in liquidating past financial em-
barrassments, or used as collateral in
the future, therefore the heart of
friendship of the umpires and scorer
are no longer touched by such logic
and argument, but have turned to
marble, and with swelling pride, blend-
ed with exact justice, we declare that
the great game of baseball today shall
be played to the honest limit, and
that both clubs, and every man there-
in, shall have a square deal, and may
the best team win.

Womack Shot by Powell.

Dublin, Ga., July 1.—Charlie Pow-
ell shot and killed Walter Womack at

that Womack was trying to shoot him

years of age, and the father of eleven
children. Both men are from Jasper

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where
Dandruff Is Eradicated.

Sealskin is admired the world over for
its softness and glossiness; and yet the
human hair is equally as soft and glossy
when healthy; and the radical cause of all
hair trouble is dandruff, which is caused
by a pestiferous parasite that saps the
vitality of the hair at its root. Newbro's
Herpicide is the only preparation that is
fatal to the dandruff germ. Without dan-
druff there is no falling hair, but a lux-
uriant growth of glossy, soft hair is cer-
tain. Scouring the scalp won't cure dan-
druff. Kill the dandruff germ. Thou-
sands of women owe their beautiful suits
of hair to Newbro's Herpicide. Sold by
leading druggists. Send 10c. in stamp
to The Herpicide Co., Detroit, Mich.

The General Demand

of the Well-Informed of the World has
always been for a simple, pleasant and
efficient liquid laxative remedy of known
value; a laxative which physicians could
sanction for family use because its com-
ponent parts are known to them to be
wholesome and truly beneficial in effect,
acceptable to the system and gentle, yet
prompt, in action.

In supplying that demand with its ex-
cellent combination of Syrup of Figs and
Elixir of Senna, the California Fig Syrup
Co. proceeds along ethical lines and relies
on the merits of the laxative for its remark-
able success.

That is one of many reasons why
Syrup of Figs and Elixir of Senna is given
the preference by the Well-Informed.
To get its beneficial effects always buy
the genuine—manufactured by the Cali-
fornia Fig Syrup Co., only, and for sale
by all leading druggists. Price fifty cents

ment and three stories. The base-
ment will be assigned to the boiler
and fuel room, storage rooms, car-
riers' quarters, etc.

The first floor will be devoted to
the postoffice, which will be modern-
ly arranged with every appliance for
the facilitation of the handling of the
mails and the convenience of the at-
tachés of the office.

The United States Court has been
assigned to the second floor. This
floor, like the first, will be fitted up
in modern style, and will contain
offices for the various court officials,
grand and petit jury rooms, witness
rooms, public lobby, etc.

The United States land office will
have its home on the third floor,
where preparations have been made
to give the officials and force one of
the most up-to-date offices of the kind
in the United States, considering the
volume of business.

According to instructions, Postmas-
ter Lynch will return the plans im-
mediately to Washington, with sug-
gestions of a few minor alterations
for the convenience of his depart-
ment. Bids will then be asked for,
and it is expected that work will be-
gin on this magnificent structure
within the next few months.

SERIOUS LOSS TO AN ALACHUA MAN

Home and Contents of J. M. Guinn
Destroyed by Fire Tuesday.

\$540 IN CURRENCY WAS BURNED

Fire Was Discovered at a Late Hour
at Night, Too Late for Flames to
Be Extinguished—Family Barely
Escaped With Their Lives.

As the result of a fire, which was
discovered too late to extinguish the
flames, J. M. Guinn of Alachua lost
his home and contents about 11 o'clock
Tuesday night.

Mr. Guinn also sustained a serious
financial loss, it is said, \$540 in cur-
rency, which was concealed in the
house, having been consumed.

The flames were discovered leap-
ing through the roof of the building,
and before the alarm could be given
and assistance secured, the fire had
so far advanced that the occupants
of the home barely escaped with their
lives, and it was impossible to save
anything.

Mr. Guinn's friends sympathize
with him in this loss, which was a
most serious one.

It is understood that the home and
contents were partially insured.

THE NEWS FROM MELROSE.

Melrose, July 1.—Columbia College
day was observed at the Baptist
church Sunday afternoon with songs
and recitations by the children.

The National flag at the town hall
was half-masted on Friday as a token
of respect for Ex-President Cleveland.

Dr. J. C. Davis left yesterday for
Kansas City, after a short visit at
Miss Jackson's.

Mr. and Mrs. L. D. Wall, from
Starke, arrived in town last Friday
to visit Mrs. O. C. Husband, who has
been on the sick list for the past
fortnight.

Mr. and Mrs. L. M. Baldwin, Miss M.
Lee and M. Fletcher represented the
Melrose Camp, W. O. W., at the re-
cent meeting in Jacksonville. They
report having a very pleasant time.

The many friends of Dr. Frank Mc-
Rae will be sorry to hear of the death
of his fine horse, "Doty," which oc-
curred on Sunday night.

Rev. and Mrs. T. H. Sistrunk of
Micanopy were in town on Tuesday,
the guests of N. E. Priest.

A very lively ball game took place
on Tuesday afternoon between the
Waldo and Melrose teams. The home
nine being only organized a few days
ago and with hardly any practice,
fell an easy victim to the visitors, of
the score of 16 to 4. It is to be hoped
that the Melrose boys will be able
to play a return game when they are
in better shape.

Eleven thousand men have resumed work in the Birmingham district within the last two weeks, in the iron, steel and allied industries. Coming in the middle of the summer with a Presidential campaign in prospect, 'tis certainly a very cheering indication.

"Made in Florida," as well as "Made in Jacksonville," should be the slogan of all Florida people, and especially those citizens of Jacksonville who are at present engaged in pushing the home enterprise campaign. Patronize Florida-made products, whether made in Jacksonville or any other place in Florida, and you will find the people of the entire State aiding in the "Made in Jacksonville" campaign. Such is the advice given, in substance, by Dr. S. H. Gaitskill of McIntosh.—Times-Union.

Is this "the Land of the Free and the Home of the Brave" when it refuses admittance to fifty Japanese maidens who arrived at Seattle, for whom some of our Japanese residents are anxiously waiting to espouse them? Surely wives are as much a necessity to these industrious people as sweethearts are to the Russians and Italians, who also send for their sweethearts when prosperous enough to support them. Under what law or regulation these Japanese are denied admittance is not clear to anyone outside of the immigration bureau, for as the Japanese men are here legally, or they would be deported, one can hardly see good reasons for the denial of allowing them the civilizing influence of wives and children.

REPUBLICAN BOASTING.

When it is considered that the Republican platform was inspired, if not actually written, at the White House, the fulsome praise of President Roosevelt in that document is perhaps not to be wondered at. "Pride cometh before a fall" and "he that exalteth himself shall be abased." Nor does the Republican party itself appear bashful in telling of the deeds it says it has accomplished, but that was to be expected, for claiming everything in sight is an old game of the Republican managers that has lost nothing since such modern players as the President have handled the layout.

The platform claims that the Republican party "developed the industries and resources of the country," but the fact is that long before the birth of the Republican party there was much more development, considering the population, than has ever occurred since. No party can develop the industries and resources of the country. The sweat on the brow of labor is all that can accomplish that and the pioneers, who in spite of the great obstacles, developed the West and indeed every State in the Union, received but little if any aid even from the government they created. They helped themselves and appropriated the riches that nature had provided and looked to no party for aid.

The policies of the Republican party have developed and fostered trusts and combinations of "industries" and such policies are still protecting those predatory industrial corporations in plundering the people. It must be doubted if any sensible voters will regard the tariff that protects the trusts, which has vastly increased the cost of living, as a help to them. The tariff helped to "develop" a panic more disastrous than any that preceded it and the effects of which are still so disastrous that wages are falling and the business of the country is one-fourth less than it should be, or would be, if sane policies prevailed.

The very fact that this boastful platform admits the necessity of "immediately" revising its most cherished policy of protectionism, shows that instead of having developed the industries of the country it has in fact retarded them.

Who but the favored few have benefited by the policies of the Republican party?

WEEP FOR THE EDITOR.

Very few people who read the daily papers realize the ceaseless toil required to keep the paper up to the standard and to satiate that never ceasing appetite of the public for news. Day in and day out the editor and his assistants labor unceasingly to fill the pages with matter that will please the readers and what little thanks or monetary returns are coming in only the makers of the newspapers know. The city, small or large, that has a good daily paper is blessed and all the patronage accorded the paper returns to the city one hundred fold.

The paper is with you in sorrow and in joy, prosperity and adversity and yet how little does the public look upon the one who is responsible for the appearance of the daily visitor into your home.

The editor is not supposed to have any worry or sorrow or vexations of this life, and his paper is eased and discussed at will. But let that same paper suspend operations and there is nothing that will fill the aching void.

It is your home paper that makes your city what it is and by that same paper your own prosperity is judged. —Orlando Star-Reporter.

SHERMAN LAW FAILURE.

The failure of the Sherman anti-trust law has recently been made the theme of two addresses by Assistant Attorney-General Purdy and Congressman Charles E. Littlefield. The two men agreed substantially as to the main facts, but differed in their attitude toward that fact. Mr. Purdy, speaking as a representative of the Roosevelt administration, made the failure of the anti-trust law serve as an agreement for its amendment, while Mr. Littlefield, making a great ado over the non-enforcement of the law, took strong ground against the proposed change by which interstate corporations would be obliged to register in the Bureau of Corporations.

"I am at all times opposed," he said, "to placing in the hands of any administration bureau the power to supervise and regulate and control the business of 87,000,000 people."

In the past six and a half years there have been only seven convictions under this law at a cost of \$386,242, yet the administration has not acted unwisely in attempting to enforce it. Gen. Grant once said that the best way to get rid of a bad law was to enforce it. The Roosevelt enforcement of the anti-trust law has now proceeded far enough to demonstrate the fact that it is for all useful purposes non-enforceable.

But is that fact a reason for abandoning all legislation to regulate interstate business? Shall the failure to enforce this law be accepted as an excuse for getting rid of all laws? Shall it be made an occasion for adopting the laissez faire doctrine?

Or shall the failure of the Sherman anti-trust law be made the occasion for the enactment of a law that can be enforced; and that, while preventing oppressive monopoly, will, at the same time, save us from the waste of unrestricted competition by providing a system of regulation, under which beneficent business combinations may be entered into, and under which a man will not be branded as a criminal for giving his assent to a trade agreement.—Wall Street Journal.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MEN AND WOMEN. Use Big 4 for unnatural discharges, inflammation, irritations or obstructions of mucous membranes, prostatic, and not strictly gonorrhea or syphilis. Sold by Druggists, or sent in plain wrapper by express, prepaid, for \$1.00, or 3 bottles \$2.75. Circular sent on request.

..FLORIDA NEWS..

At the present time the corn crop of Baker county has every appearance of being one of the best in the history of the county. Cotton seems to be a little backward on account of the dry season. Owing to a considerable quantity of short staple that has been planted this season, the crop of Sea Island cotton will be considerably short of the average.—Baker County Standard.

As a punishment for its obstinateness, Clark G. Smith, the Daytona Beach photographer, last Sunday pushed his automobile into the sea there to leave it to the mercy of the relentless tides which ebb and flow twice in twenty-four hours. Mr. Smith had started for Mosquito inlet to take photographs of the stranded whales. When near the approach of the Port Orange bridge the motor refused to "mote" and becoming disgusted the owner of the runabout that wouldn't run about a minute shoved it into the sea. It was afterwards taken from the ocean by a number of persons and Smith sold it for a small sum.—Daytona Gazette-News.

For some time C. C. Slade has been carrying on a series of experiments for the extermination of the white fly, in the grove of W. S. McClelland, and has at last been rewarded. A fine spray of kerosene oil administered to the tree has done the work, a number of applications being necessary. The fly is dead and up to date the tree is bright and vigorous and putting out new growth. As the editor himself has watched the process he feels confident that the heroic treatment has not, nor will it kill the tree, while it has demonstrated the fact that the fly cannot stand the oil. Anyone desiring information may address Mr. Slade.—Eustis Lake Region.

On last Saturday, while Mr. C. E. Johnson was coming to town, Capt. Hickman passed him in his car, which frightened his horse, and before he could be gotten under control, the horse reared up and fell on the end of the shaft, which penetrated the horse's side behind the shoulder, killing it almost instantly. Capt. Hickman, when he saw that the horse was frightened, stopped the car and waited until Mr. Johnson asked him to go ahead, and it was not until after the car had passed around and in front of the horse that it began to rear and pitch. While Mr. Hickman was not to blame, and was not held responsible for the accident by Mr. Johnson, he showed his regret of the loss by voluntarily giving Mr. Johnson a check for \$50 to help buy another horse.—DeSoto County News.

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Forgie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ills so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

NEWS OF CITY AND COUNTY CONDENSED

The stork has paid a visit to the home of Mr. and Mrs. H. F. Scruggs, leaving a handsome girl baby. Friends of the happy parents extend congratulations.

Rev. Jas. Lee, pastor of the Advent Christian church, has gone to White Springs for a few days' rest and recreation. Friends trust that he will be benefited.

Miss Clark of North Carolina, who has been here attending the State Normal, has returned to her home. While here she made many friends among the citizens and student body who regretted very much her early departure.

Richard Walker, a well-known young man of Cedar Key, spent a day or two with friends in this city this week. Mr. Walker has decided to try Western life, and was en route to Coldwater, Kansas, where he will engage in wheat culture.

J. A. Cox, who resides about a mile east of Gainesville, brought to The Sun office yesterday a cluster of apples which came from one of the trees on his place. Mr. Cox states that he has six of these trees, all heavily laden with fruit, which goes as evidence that apples can be grown in Alachua county.

The best evidence of the fact that the citizens of Gainesville appreciate first-class work when done by a reliable firm is shown by The S. J. Thomas Company having closed last week plumbing jobs for the following residences: Mr. J. R. Eddins, Major Jno. W. Tensch, Mr. E. E. Voyle, Mr. Moses Edelstein, Mr. J. P. Bauknight, Mrs. Kate Torbert, Mr. R. G. Bass, Mr. Geo. S. Merchant, Mr. C. W. McDonald, the two new dwellings being built for Mr. Budinger. Also for the following business houses: Three stores of Mr. J. P. Bauknight on Wall street, two stores occupied by G. S. Merchant & Co., building occupied by Mrs. F. T. McCormick, the United States land office building and the offices of The Dutton Phosphate Co. The S. J. Thomas Company have just finished up the work in a number of the best residences in the city. This firm has a force of competent workmen and will be glad to give you an estimate of the cost of your work, whether they do it for you or not.

A Contented Woman

A SAD DEATH.

Mr. Joseph Byshott, Well Known Citizen of High Springs, Dead.

High Springs, July 1.—Died, at High Springs on June 27, Mr. Joseph Byshott, aged 72 years, after an illness of seven weeks.

Mr. Byshott is survived by his devoted wife, a daughter, Mrs. M. L. Radford, of Waycross, and several step-children and grandchildren.

The funeral services were held at the Baptist church at 4 o'clock on Monday afternoon, and were conducted by Rev. J. S. Rogers, assisted by Rev. J. L. Yeates, of the Methodist church. The pall-bearers were Messrs. G. W. Easterlin, E. B. Godwin, J. L. Grimes, D. P. Fagan, S. B. Phifer and Tilton Edwards. The church was filled with sorrowing friends, and a long procession followed the body to the last resting place. All the business houses in town were closed during the funeral services, showing the respect and esteem in which Mr. Byshott was held by his townsmen.

For many years Mr. Byshott had been a faithful member of the Baptist church, and his daily life showed that he followed in the foot-steps of the Master. He has gone home to his reward, and while friends and loved ones mourn his departure, yet they know that he has entered into the joys that await the blessed.

His grave was covered with many beautiful flowers, the last tribute paid by loving friends. High Springs has suffered a distinct loss in the death of this good man.

Starved to Death

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge—you will be surprised at the results and how quickly it picks up. S.S.S. CONTAINS NO MERCURY

Medicines containing Mercury are often given to persons suffering with Contagious Blood Poison, and so powerful is the action of this drug that it frequently removes the symptoms in a short while, and shuts the disease up in the system to do greater damage to the delicate internal members. When, however, the treatment is left off, the disease always returns, and the patient finds that his health has been injured by this powerful mineral, and he is often left with weak stomach, disturbed digestion, mercurial rheumatism, etc. The action of S. S. S. is entirely different. It contains no Mercury, nor any other harmful drug, but is made entirely of healing, cleansing roots and herbs. It cures Contagious Blood Poison by removing the virus from the blood. It searches out every particle of the poison and does not leave the least trace for future outbreaks. S. S. S., in addition to curing the disease, builds up and strengthens every part of the body. Its fine tonic effects tone up the stomach and digestion, improve the appetite and regulate the entire system. Home treatment book containing valuable information about the different stages of the disease and any medical advice desired sent free to all who write.

DO YOU WANT TO

MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.

A WARNING

I have learned that certain persons are representing themselves as my agents, and taking orders for large pictures, claiming I will finish them. In some cases the pictures given them have been lost—pictures of dear ones which cannot be replaced. I have no agents, never did, and never will. I deal directly with my patrons for all work. I cannot afford to pay an agent out of the prices I charge for the high-grade work I do. Bring your enlarging to me and you are not only insured against loss of the original, but will have a guarantee of a faithful likeness and an artistic finish.

Owners of real estate within the corporate limits of Gainesville who are delinquent with their taxes should look over the list of property which is advertised to sell on next Monday, July 6th. The list appears on the seventh page of today's paper.

Remember the excursion to Savannah and Columbia via Seaboard July 3, tickets good returning on or before July 17. To Savannah and return, \$5.50. To Columbia and return, \$7.50. Train leaves Gainesville 8:10 a. m., July 3. See W. M. Bullard, Agent.

Mr. and Mrs. M. E. Holmes, who have been here on a pleasant visit to the former's sisters, Mesdames Geo. F. Reed and Geo. P. Morris, have returned to their home. They formerly resided here, and their numerous friends were glad at the opportunity to meet them again.

On account of the ball game between the "Fats" and the "Leans" this afternoon, which will be for the benefit of the Gainesville Brass Band, the regular meeting of Kirby Smith Chapter, U. D. C., will be postponed until next week. As the proceeds are to be used in the interest of such a worthy organization, the president of the Chapter requests that all members who can possibly do so attend the game.

HIGH LICENSE PREVAILED.

New Saloon Regulations To Be Tried In Louisiana.

Baton Rouge, La., July 1.—That Louisiana shall be a high license state for the next two years, at least, was finally decided by the assembly when the senate passed the Shattuck Gay liquor bill by a vote of 29 to 4.

This measure has passed the house, and it known to have the governor's approval. It fixes the minimum parish license at \$500, minimum state at \$200, with maximum licenses running up to several thousand dollars each.

The prohibitionists made a strong fight and such a good showing that their leaders claim they have an excellent opportunity to pass a statewide prohibition law when the next assembly meets two years hence.

Meanwhile the high license experiment will be tried under most interesting circumstances. More than half the territory of Louisiana already is dry under local option laws. In this dry territory lives nearly half the population of the state. The total area of Louisiana is 48,400 square miles, and of this approximately 27,000 square miles is dry, leaving a little over 18,000 square miles in which the saloon is permitted. The population, according to the 1900 census, was 1,381,825, of which approximately 550,000 persons live in dry territory, leaving over 800,000 in the saloon territory.

The high license law is expected to give the state close to \$300,000 additional revenue yearly.

CONDITIONS ARE IMPROVED.

People and Railroads Are on More Amicable Terms.

Montgomery, Ala., July 1.—President Charles Henderson, of the Alabama railroad commission, in an interview said that the railroads and the people are on more amicable terms than at any time in many years. He has just returned from an inspection trip covering ten counties, and says that the railroads are making every effort to give the best of service.

Claims are adjusted with little delay and accommodations are adequate and freely provided. As a rule, the roadbeds are better, depots more in line with needs and trains are doing well in taking care of travel promptly.

TWO KILLED; TWENTY HURT.

California Limited on the Santa Fe Is Wrecked.

Winslow, Ariz., July 1.—The west-bound California limited on the Santa Fe was wrecked near Hardy, 12 miles east of here, killing two trainmen and a passenger, and injuring about twenty persons; only nine of whom are said to have required hospital treatment.

While going at a good rate of speed, the train struck a burned bridge extending over a ditch 60 feet wide. The engine, mail car, accommodation car and diner were badly wrecked, falling into the ravine, and the fireman and engineer were buried under the wreckage.

Mysteriously Disappears.

Cuthbert, Ga., July 1.—J. W. Lee, a prominent citizen, a leading and successful planter of Randolph county, widely known throughout central Georgia, has mysteriously disappeared from his home near Springdale, a few miles from Cuthbert, and notwithstanding persistent and unremitting search by three of his sons, by other relatives and by the police departments of the three or four cities, nothing reliable has been obtained as to his whereabouts.

Sentinel Kills Woman Prisoner.

Kiev, July 1.—Madam Oksella Sheraimova, who was confined in the political prison here, was Tuesday shot and killed by one of the prison sentinels who discovered her signalling with a mirror to some of her co-prisoners. She was standing at a window at the time and the sentinel's first shot killed her.

Died While Singing in Choir.

Pittsburg, Pa., July 1.—While assisting in a duet at the First Baptist church at Jeannette, Pa., Leonard, aged nineteen years, the conductor of the choir, suddenly fell and was killed.

POISONED ALE SENT

Philadelphia Physician Probably Victim of Foul Play.

POLICE WORKING ON A CLUE

Sensational Developments Are Likely To Follow the Death of Dr. William H. Wilson—Theory of the Police a Rather Startling One.

Philadelphia, Pa., July 1.—The police of this city hope to be able to make an important move in the case of Dr. William H. Wilson, who died suddenly last Friday night after drinking a bottle of ale and who is believed to have been poisoned.

It was at first thought that the doctor had died from natural causes, but there were so many suspicious circumstances surrounding his death that the coroner investigated. This resulted in an expressed opinion that Dr. Wilson was poisoned and that he did not administer the poison himself.

Had Remunerative Practice.

At the house where Dr. Wilson had lived for about ten years, there was no sign indicating that a physician lived there. He did not do a general practice in the neighborhood. He had patients, however, and they are said to have been principally women who were able to pay well for his services. The line of practice the doctor had was highly remunerative, for he was noted as a "good spender," and he had a summer home at Cornwells, near Philadelphia, a steam launch and an automobile.

The motive for the supposed murder is believed to be hidden in Dr. Wilson's medical practice. The theory of the police is that a male friend or relative of a woman who is believed to have died after receiving medical attention at the hands of Dr. Wilson sent the poisoned ale.

Very Important Clue.

Frank Pau, the coroner's detective, left the city to run out what is considered a very important clue. Before leaving he said there was no doubt that the ale contained cyanide of potassium. The ale was delivered by express and has been traced to a certain place which is now under surveillance.

Dr. Wilson's wife had a narrow escape from death. When Dr. Wilson opened the pint bottle of ale he poured half of it in a glass and offered it to Mrs. Wilson. The doctor took the first drink, and noticing something peculiar in the taste, told his wife not to touch it. A few minutes later he became ill and died on the way to a hospital.

SAYS THEY ARE FICTITIOUS.

David B. Hill Authorizes a Denial of Certain Reports.

Albany, N. Y., July 1.—Albert E. Hoyt, editor of the Argus, has received the following self explanatory cablegram from former Governor David B. Hill, the reference being to an interview which was published widely as coming from Mr. Hill on the day he sailed for Europe.

In this interview Mr. Hill was quoted as referring to Governor Johnson as "the poor house candidate," ridiculing Mr. Bryan, and saying that "there is no democratic party."

"Paris, June 29.—Hoyt, Argus, Albany, N. Y.: Attention just called to alleged political interview in American newspapers published after my departure. They are fictitious. I authorize you to deny same through the Associated Press and otherwise. (Signed) Hill."

Dead at Age of 104 Years.

Huntsville, Ala., July 1.—Mrs. Phoebe Church died here at the age of 104 years. She is believed to have been the oldest resident in this section of the country. Mrs. Church leaves three sons, all over seventy years of age.

Despondent, Man Kills Self.

New York, July 1.—William D. Hunt, a New York paper proprietor, having a share in Nassau street, committed suicide by shooting and killing himself.

"DRY" PLANK BEING SAWED.

Fight To Have One Put in Democratic Platform.

Denver, Colo., July 1.—The fight over the anti-injunction plank in the democratic platform is now the only struggle in which the committee on resolutions, and possibly the convention itself, may be involved.

It develops that the prohibition question is to be brought to the front and that a desperate effort will be made to have a plank declaring in its favor placed in the platform.

The prohibition movement will be headed by General James B. Weaver, of Iowa, who demanded of the recent democratic convention in that state that it declare in favor of prohibition. General Weaver and his followers were not successful in their efforts in their own state, but, nothing daunted by their failure, have made arrangements to bring the matter up before the democratic national convention.

They claim, moreover, to have a strong backing from a number of the southern delegations, which have recently passed prohibition laws, and it is declared confidently by General Weaver's adherents that if the democratic national platform does not contain a prohibition plank it will only be for the reason that the hardest kind of fighting has been unable to secure its adoption.

CHANGE OF VENUE.

Mrs. Viney Mizell and R. H. Hall Being Tried on Murder Charge.

Mobile, Ala., July 1.—A Meridian, Miss., special says:

Mrs. Viney Mizelle and R. H. Hall, of Wayne county, are on trial in the circuit court here on charge of venue charged with the murder of Joe Mizelle and that they accomplished his death through the use of strychnine placed in medicine Mizelle was taking.

Mizelle died very suddenly and his friends being uneasy, had the body exhumed. An analysis is alleged to have shown quantities of strychnine in the stomach, and the arrest of Hall and Mrs. Mizelle immediately followed. The defendants through their counsel asked for a change of venue to Lauderdale county.

District Attorney Harrison, of Waynesboro, is prosecuting the case, and Attorney Can Taylor is chief counsel for the defense.

BOTH LEGS CUT OFF.

Fate of Alabama Boy Who Ran Away From His Home.

Birmingham, Ala., July 1.—Dale Richmond, a boy in his teens had both legs cut off in a local infirmary Tuesday morning and Fred Bryant, a companion, is missing as the result of an accident which befell them while running away from home.

They had gotten no farther than Atalla on the Alabama Great Southern railroad when the Richmond boy fell from a train on which they were heading their way and both legs were crushed. He dragged himself for some distance in order to attract attention of passersby.

The Bryant boy was heard to cry out but he is missing. The father of the Bryant boy has sent runners up the road believing that his boy was killed.

Old Newspaper Man Dies.

Butte, Mont., July 1.—Colonel Daniel Beattie, for forty years a resident of Montana, died at Anaconda Monday at the age of nearly seventy-five years. Following his career as editorial writer on the Butte Miner, which brought him distinction, he was associated at different times with the Helena Independent, Helena Live-stock Journal, Fort Benton River Press, Great Falls Tribune, Missoula Mission, Butte Inter-Mountain-Tribune and the Whitehall Zephyr.

Prince Housed Luxuriously.

San Francisco, Calif., July 1.—The christening of the infant son of King Alfonso, under the name of Jaime, took place in the chapel house here with all the pomp and ceremony of the Spanish court. Prince Alfonso attended the ceremony in the arms of his government, and bowed deeply all throughout the ceremony to attention by the royal family, who were seated in the front of the chapel.

TAFT QUILTS CABINET

Last Day as Member of President's Official Family.

BECOMES A PRIVATE CITIZEN

But Will Henceforth Devote His Time Assiduously to His Campaign for the Presidency Until the Fateful Day of Election.

Washington, D. C., July 1.—Tuesday was William Howard Taft's last day as secretary of war. After many years of distinguished services to his government as a justice of the United States courts, a governor general of the Philippine islands, as secretary of war, and as the special representative of the government on several delicate and important diplomatic missions, he practically relinquishes the performance, for a time at least, of duties as an official of the United States.

Formal Transfer to Wright.

The formal transfer of the war department from the administration of Secretary Taft to that of Secretary L. E. Wright, his successor, took place Wednesday.

Secretary Wright will enter upon his new duties with substantially a clean slate. The last duty to be performed by Secretary Taft was the formal presentation of his successor to Assistant Secretary Oliver and to the bureau and division chiefs of the war department. With his best wishes to Secretary Wright for his successful administration of the great department, the affairs of which he has been chosen to administer, Secretary Taft will become once more a private citizen.

From now until the fateful day of the elections next November, he will devote himself assiduously to his campaign for the presidency of the United States.

Goes to Hot Springs, Va.

Secretary Taft says that Mrs. Taft had so arranged the breaking up of housekeeping in Washington that they would not be able to leave here until next Friday for Hot Springs, Va., at which place they will remain until the first of September. The likelihood is that when Mr. Taft leaves Washington on Friday it will be not to return to the national capital until after the November election, and, in the event of his election to the presidency, he may not return to the city of Washington until two or three days before his inauguration on the fourth of next March.

GRIM COURAGE SHOWN.

Dying Man, Caught in Machinery, Directed Work of Rescuers.

Birmingham, Ala., July 1.—G. B. Myrick, an electrical engineer at the steel plant at Ansley, lived for an hour with his left leg and arm ground to pieces and the side of his body so badly lacerated that his left lung was exposed and the beating of his heart was visible.

The engineer had been caught in the cogs of an overhead crane, which had to be taken to pieces to extricate the body. Myrick himself directed the workmen, and 40 minutes was required to get him down. He retained consciousness until he died, twenty minutes after reaching the hospital.

Many Men Return to Work.

Dubuque, Iowa, July 1.—Following the announcement a few days ago of the Illinois Central road that eight thousand men on the various divisions would be put back to work, 600 employees, of the Chicago, Milwaukee & St. Paul road, particularly men laid off in the shops, were put back into service. They return to work on a ten-hour a day schedule and six days a week.

Mrs. Moore Elected President.

Boston, July 1.—Mrs. Philip N. Moore, of St. Louis, is to be the president of the General Federation of Women's clubs for the next two years, having defeated Mrs. May Alden Ward of Boston, the presidential candidate named by the nominating committee.

CLOSING DAY OF M. E. CONFERENCE

City Pulpits Filled by Visiting Members Sunday Morning.

BISHOP MORRISON'S SERMON

Delivered Impressive Discourse to a Large Congregation at Methodist Church Sunday Morning—Sermon by Rev. Lee in the Evening.

From Tuesday's Daily Sun:

Sunday was a high day with the Methodist people of Gainesville. It was the last day of the district conference, and the best of all. The weather was perfect and large congregations attended the services.

The Presbyterian and Baptist churches very courteously offered pulpits to the visiting ministers at the morning hour, and in the evening they both joined in the service at the Methodist church.

Rev. F. T. Griffith preached at the Baptist church, and Rev. R. H. Barnett at the Presbyterian church.

Bishop Morrison preached a great sermon at the Methodist church in the morning. This was his fourth sermon during the conference. The text was, "He That Liveth and Believeth in Me Shall Never Die." In a masterly way the Bishop showed what it was to live in the highest and best sense. The true life can be obtained only by coming into fellowship with God through Jesus Christ. Faith in Christ is more than belief in a written creed—it is giving ourselves in confidence and obedience into the hands of the Divine Savior. This is the beginning of life, and the fruit of it is seen in doing the work of Christ among men.

In beautiful and pathetic language the speaker described how such a person was immortal, even in this world. The man or woman whose life is spent in Christlike work for humanity will live in the hearts of men forever. Physical death really widens their influence for good in this world.

The large congregation listened with eager interest to the eloquent words of the preacher, and many were strengthened in their purpose to live this higher life.

In the afternoon at the Epworth League meeting Revs. C. W. Inman and Cecil Phillips made interesting talks to the young people.

At night the church was crowded, and Rev. J. B. Ley preached an excellent sermon from the text, "What is Man?" The Bishop made a few remarks at the close of the sermon. Many of the preachers and delegates declared this the best district conference they ever attended. They all expressed their high appreciation of Gainesville and her hospitality. Everyone seemed to think he had the best home in town. The meeting is over but its uplifting influence will be felt among us for many days to come.

CLOSING OF A SCHOOL.

Arredondo School Closed With Picnic, After a Most Successful Term.

After a most successful term, the Arredondo school closed Friday with a picnic, which was well attended, and it is needless to add highly enjoyed.

The school this year has prospered under direction of Miss Lila Frasier, of Alachua, one of the most competent and most popular teachers in the county. Miss Frasier was very popular among both patrons and pupils, and it is to be regretted that she will not teach the next term.

Miss Frasier has been assigned to Antioch, a larger school, for the next term. She formerly taught the Antioch school, where she was also popular.

NORMAL NOTES

From Tuesday's Daily Sun.

The State Summer Normal opened its third week yesterday with an enrollment of more than one hundred and fifty. Every department of the school is thoroughly organized. Classes have been provided to meet the various needs of the student body.

The devotional exercises yesterday morning were conducted by Dr. Barnett of Ocala.

Among the new arrivals are Messrs. Getch of Altoona, Eady of Bushnell and Gaskins of the South Florida Normal, Dade City.

The lectures on agriculture are largely attended.

Miss Willie Lee of the South Florida Institute has been elected principal of the primary department of the Spring Lake High School. Miss Lee is one of the strongest primary teachers in the State. She is taking State primary work in the Normal.

Mr. J. F. English left yesterday for Wulfert, Lee county, to open school. He was re-elected at an increased salary.

Miss Ada Philput left yesterday afternoon for a visit to her parents at Janney, Levy county.

Prof. Corr and a number of his students spent Sunday forenoon at the school house, observing the eclipse.

Prof. J. W. Sanders, one of Alachua's most successful teachers, has gone to Hampton to confer with the trustees of the Hampton school.

A PRETTY WEDDING.

Two Popular Young People Were Married in This City Sunday.

From Tuesday's Daily Sun.

The home of Mr. and Mrs. A. E. Wittstock was a happy scene Sunday afternoon at 2 o'clock, the occasion being the marriage of their popular daughter, Miss Cora Wittstock, and Mr. W. H. Waits. The ceremony was performed at 2 o'clock by Rev. S. B. Rogers, of the First Baptist church.

A large number of friends of the contracting parties were present to witness the ceremony and extend to the young couple heartiest congratulations.

The wedding march was rendered most beautifully by Miss Alice Thomas, the couple marching from apartments up-stairs. When they had reached the bay window, which was handsomely decorated with flowers and evergreens, they stood under an immense floral arch, where the ceremony was performed in a most impressive manner.

After the ceremony congratulations were showered upon the happy pair, when delicious refreshments of ice cream and cake were served.

Mr. and Mrs. Waits left on the 3 o'clock train over the Seaboard for Fairbanks, where they will make their future home.

The bride is one of Gainesville's best-known young ladies, and has many friends here. The groom is the efficient agent of the Seaboard at Fairbanks, where he is very popular.

The Sun, with other friends, extends congratulations and best wishes for a long and happy married life.

SURVEYORS AFTER ROAD MATERIAL

State Geologist and Prof. Cox Will Make Investigation.

INVESTIGATION TO BE THOROUGH

Several Counties Will Be Traversed, Especially Those Most Deeply Interested and Active in the Making of Hard Roads.

From Tuesday's Daily Sun:

Prof. N. H. Cox, assistant professor of civil and mechanical engineering of the University of the State of Florida, left Monday for Jacksonville.

Prof. Cox will assist State Geologist E. H. Sellards for the next three months in making a geological survey of certain sections of the State, which will ultimately mean a great thing for the people of Florida. The investigation will be along the line of road-making material, the purpose being to ascertain the most plentiful deposits and the most durable material for the construction of roads.

Prof. Cox states that the investigation will begin in Duval county, and will extend through Central and Eastern Florida, especially in the counties now most deeply interested and most active in the making of hard roads. Alachua county will be included in the investigation.

A CARD FROM CITIZEN.

He Calls Attention to Fact That Some Dogs Are Not Properly Muzzled.

Editor Sun: Some people are inclined to make a joke of the dog muzzle ordinance, even to the extent that they do not comply with it, but make a pretense by simply putting a strap around the heads of their curs. The item which appeared in Sunday's Sun is sufficient to convince any right-thinking person that the dog killed by Mr. Wilson was mad, and should be sufficient proof that the citizens of Gainesville are now in danger. Do the city officials not realize the danger, and where are their eyes that they do not hourly see the law violated? If it keeps up as it is now going, the citizens had best arm themselves with shot guns and exterminate the brutes.

GAINESVILLE TO HAVE UP-TO-DATE RESORT

City Can Soon Boast of One of the
Finest Places in South.

OTHER PROGRESSIVE STEP

W. Avera has leased the Hyde building, and will conduct a modern resort in cold drinks, stationery and picture show.

W. Avera, always desirous of giving the public the best and most modern that can be had, is preparing to give Gainesville and up-to-date establishment which cannot be surpassed by any place of a similar nature in the State.

Mr. Avera, who for years has been engaged in the stationery and cold drink business, has leased for a term of years the Hyde building, north-west corner of East Main and East First streets, and will transform it into one of the finest resorts in the South—a resort of which the best cities could point to, with the assurance that it will contain the very latest appliances in soda water and cold drink construction, one of the hand-pumped fountains will be installed, and in all the place will be all that could be desired.

On the second floor of the building will be operated a moving picture machine. One of the best machines of the market will be installed, the best films will be always in stock, and this feature will prove a great attraction for those who desire to spend an afternoon or evening pleasantly. This resort, like the downtown department, will be fitted up in modern manner, looking towards the comfort of patrons.

A force of workmen are already engaged, and Mr. Avera expects to have the new place ready for business in the first of August.

Another up-to-date establishment will be added to rapidly-growing Gainesville.

SUNDAY'S ECLIPSE.

Gainesville People Brought Many
Smoked Glasses into Commission.

It is safe to assert that everybody in Gainesville, like the people of other parts of the State, were anxiously waiting the eclipse on Sunday, and many were possessed of a smoked glass through which they might view the phenomenon.

The eclipse started about 8:15 a. m. in the morning, lasting until about 11:30. Between 10:30 and 11:30, at its best, the sun being almost completely covered.

While the eclipse was not total, it was sufficient to cause what might be called a semi-twilight, and for nearly an hour produced a peculiar shadow.

BOY TORTURED BY AWFUL HUMOR

Almost Covered with Eczema—No
Night's Rest for Nearly a Year—
Feared Lifelong Disfigurement—
All Treatments Failed and Limit
of Endurance Seemed Near.

PERFECT RECOVERY IS DUE TO CUTICURA

"With the exception of his hands and feet, my son Clyde (thirteen years old) was almost completely covered with eczema. Physicians treated him for nearly a year without helping him any. While they were very kind and did all in their power, yet nothing seemed to relieve him. And I had tried many remedies sent to me by kind friends but they all failed. His head, face, and neck were covered with large scabs which he would rub until they fell off. Then blood and matter would run out and that would be worse. Many a time he looked as if his ears would drop off. Friends coming to see him said that if he got well he would be disfigured for life.

"When it seemed as if he could possibly stand it no longer, I decided to try Cuticura. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Resolvent. I used them in the evening and that was the first night for nearly a year that he slept. This may sound exaggerated to you, but in the morning there was a great change for the better. In about six weeks you could not have told that he had ever had anything wrong with him. I treated him twice a day for six months and at present he has a fine complexion and not a scar on his body. This story may seem overdrawn, but neither words nor pen can describe Clyde's suffering and how he looked. Our leading physician, Dr. _____ recommends the Cuticura Remedies for eczema. Mrs. Algy Cockburn, Shiloh, Ga., June 11, 1907.

Frequent shampoos with Cuticura Soap and weekly dressings with Cuticura stop falling hair, remove crusts, scales, and dandruff, destroy hair parasites, soothe irritated, itching surfaces, stimulate the hair follicles, supply the roots with nourishment, loosen the scalp skin, and make the hair grow upon a sweet, wholesome, healthy scalp, when all other remedies fail.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c), to Cleanse the Skin, Cuticura Ointment (60c), to Heal the Skin, and Cuticura Resolvent (60c), (or in the form of Chocolate Coated Pills, 25c, per box of 60) to Purify the Blood. MADE A FINE SHOWING.

Gainesville National Declared 5 Per
Cent Dividend in Less Than Year.

As the best evidence of the prosperity of The Gainesville National Bank, it may be mentioned that the institution has just declared a 5 per cent dividend, and passed to surplus \$6,000, which makes a total surplus of \$10,000.

This bank has earned over 15 per cent from the day the institution began business, July 22, 1907, to July 1, 1908, which is virtually eleven months.

The Gainesville National is managed by conservative business men, and the stockholders are to be congratulated.

TEMPERANCE REPORT.

Committee on Temperance, District
Conference, Makes Its Report.

The following report of the temperance committee of the District Conference, Methodist Episcopal Church, South, was passed during the session of the conference, and is furnished The Sun for publication:

"To the District Conference, Gainesville, Fla.:

"Your committee on temperance submit the following report:

"The traffic in intoxicating liquors, and the drunkenness arising from the consumption of these beverages, is one of the greatest curses of our fair country, destroying, as it does, the bodies and souls of so many people year by year.

"We note with pleasure the growing sentiment and increased activity against this great evil in our beloved Southland. We are glad to report increased sentiment and greater activity against this great curse in our own State.

"We have steadily fought our way forward under the local option laws of our State, until we now hold thirty-seven counties, leaving only nine where the traffic can be carried on under the sanction of law. We look forward with confidence to a time, we trust near at hand, when our State will be freed from this traffic.

"To this end we commend most heartily the movement looking to State prohibition, and trust that an opportunity will soon be given for our fair State to take her place in the prohibition ranks.

"In our own district we are glad to say the territory is dry, except one county.

"We believe the sentiment in favor of temperance and State prohibition is growing rapidly within the bounds of our district. Greater activity against the sale of intoxicants in dry territory is more manifest than ever before and such illicit sales are being confined to narrow limits.

"We wish to commend the work of the Anti-Saloon League of our State, and to express our appreciation for the assistance of its representatives in recent conflicts with the opposing forces.

"We suggest and urge that our pastors preach more frequently on this subject, thus fostering the growing sentiment in favor of State-wide prohibition.

"Resolved 1st, That we join our vote and influence with the action of the recent general conference of the M. E. Church in requesting the passage and enforcement of laws by Congress totally prohibiting the manufacture and sale of liquors in the District of Columbia.

"Resolved 2nd, That we memorialize the Congress of these United States to pass laws prohibiting the shipment of liquors into prohibition territory.

Jim Sherman, the Republican candidate for Vice-President, was the leader in forcing through the steal for extra mileage by the Republican members of the 58th Congress on the ground of a constructive recess that never occurred.

When Fairbanks dalled with those cocktails he began to strike the political toboggan and when added to that he began to count quorums in the Senate the Wall Street interests, even the Republican managers, were compelled to drop him.

The wrapping paper trust with twenty-four members in the combine has been convicted under the Anti-Trust law and each member fined \$2,000. Yet the Republicans want to repeal the anti-trust law that punishes combinations in restraint of trade.

Eleven thousand men have resumed work in the Birmingham district within the last two weeks, in the iron, steel and allied industries. Coming in the middle of the summer with a Presidential campaign in prospect, 'tis certainly a very cheering indication.

The labor people should not be dissatisfied with the Republican platform on Government injunction, for the Republicans in Congress have always refused to pass laws labor asked for, although pretending to favor the wage earners. The question is, will Republican wage earners continue to vote the Republican ticket?

Old people should be treated with kindness and more especially so if they are rich. Mrs. Thrasher, the housekeeper in a hotel at Colorado Springs, was kind and attentive to a feeble old man who boarded at the hotel for a long time some years ago. The old man has since died and remembered her with a gift of \$250,000. It sometimes pays to be good.

"Made in Florida," as well as "Made in Jacksonville," should be the slogan of all Florida people, and especially those citizens of Jacksonville who are at present engaged in pushing the home enterprise campaign. Patronize Florida-made products, whether made in Jacksonville or any other place in Florida, and you will find the people of the entire State aiding in the "Made in Jacksonville" campaign. Such is the advice given, in substance, by Dr. S. H. Gaitskill of McIntosh.—Times-Union.

THE FOURTH AND ITS DANGERS.

all over the country, cities, towns and families are preparing for the Fourth of July celebration. The work is both offensive and defensive. It is offensive in that it is disagreeable, noisy, bad smelling and dangerous. It is defensive in that prudent mothers and prudent physicians and undertakers are preparing poultices and plasters, lint and surgical instruments, hospitals and coffins for the slain, and the wounded of that dreadful day. In the matter of foolish and fool hardy celebration the United States on the Fourth of July takes the cake.

The Surgeon-General of the army has issued a circular suggesting precautions against tetanus, or lock-jaw, the inevitable of July epidemic. In the last five years there have been 786 cases of tetanus as the result of our Independence Day celebration. 721 have died, 608 of these deaths resulted from blank cartridge wounds; the blank cartridge is mistakenly supposed to be harmless. The warning gives the following explanation of the origin and operation of the tetanus bacillus:

The bacillus of tetanus, or its spore form, is found in earth, especially garden earth, stable manure, the dust of the streets, stables, and human habitations. The feces of healthy animals, such as the horse, cow, dog, and even man, may contain tetanus spores.

When tetanus spores are introduced under the skin, they at once germinate. If oxygen is excluded, and begin to elaborate tetanus toxin. In a short time it appears in the blood, which carries it to all parts of the body, where it is absorbed by the motor nerve-endings which are bathed in the toxin-laden fluid. The nerves supplying the jaws, especially the masseteric, seem to have an exaggerated affinity for the poison, which explains the early trismus.

The following treatment for Fourth of July injuries is suggested:

"Incise freely every wound.
"Carefully and thoroughly remove from the wound every particle of foreign matter.

"Cauterize the wound thoroughly with 25 per cent carbolic acid.

"Apply loosely a wet pack of 25 per cent carbolic acid.

"Give a full dose of antitetanic serum."

Of course, it would be very much better to arrest those enemies of the human race, the shop keepers who sell Fourth of July explosives, and to spank Johnnie and Adolphus for using them, but since this is impossible in the present backward state of civilization, the best that can be done is to be ready with remedies.

The death of the square piano is announced in the decision of the piano dealers, who held their annual session in New York recently, not to accept it any longer in exchange for newer styles in pianos. For some years it has been generally known that the square piano was on its last legs, so to speak. The doom that has now overtaken it has been expected, yet its departure to many is pathetic. Memories and associations cling to it that cannot be transplanted to pianos of a different shape. It was the heart of the household; the spot where it stood was the gathering place of the family and its friends. Besides, it was something more than a musical instrument. It was a convenient piece of furniture for the accommodation of newspapers, magazines and bric-a-brac that have now so much general ground on which to meet. In all its ways it belonged to a different generation.—Boston Transcript.

Is this "the Land of the Free and the Home of the Brave" when it refuses admittance to fifty Japanese maidens who arrived at Seattle, for whom some of our Japanese residents are anxiously waiting to espouse them? Surely wives are as much a necessity to these industrious people as sweethearts are to the Russians and Italians, who also send for their sweethearts when prosperous enough to support them. Under what law or regulation these Japanese are denied admission is not clear to anyone outside of the immigration bureau, for as the Japanese men are here legally, or they would be deported, one can hardly see good reasons for the denial of allowing them the civilizing influence of wives and children.

All public spirited citizens now have a chance to show their appreciation of a good band for Gainesville. Let every one turn out to the baseball game this afternoon, which is given for the benefit of the band.

CUBA AND SPAIN.

Last Wednesday was a day of rejoicing in Havana. On that day the first Spanish war vessel to visit Cuban waters in ten years dropped anchor off the Machina wharf. Not since the war had the flag of "blood and gold" been seen on any fighting craft in Havana harbor until King Alfonso's training ship Nautilus steamed past the frowning Morro and broke out the Cuban national colors at her mast-head, and thundered a salute from her guns in response to a salute from the old fort. And then Havana had a characteristic Latin-blood spasm of joy. Banners were thrown to the breeze, bands played and Cubans cheered their throats sore.

A particularly pretty incident of the arrival and reception of the Nautilus was the releasing of about 100 snow white doves from the deck of a tug that went out to meet the visitor. The birds of peace arose in a cloud and circled about the Spanish ship, and some of them settled in her rigging. With the booming of the guns they flew away, but they had already typified the peace and friendship hovering over and settling upon Spain and her offspring, Cuba, after their sore disagreement.

Sentiment had much to do with the rejoicing. Blood is thicker than water, with the Latin races as well as with the Anglo-Saxon-Celts. But behind the sentiment there was doubtless much of purpose. In Havana, and all of Cuba, there are many men and families, of property and consequence, that remained loyal to Spain during all of the insurrections and wars, and to whom the coming of the war vessel meant a nearer rapprochement with Spain, not only in politics, but in commerce. Spain's power is broken, to be sure, but her history is a glorious one, and the Cubans have pride in it and their ancestry. They indulge the hope, too, that Spain will rehabilitate herself among the powers, and are willing to contribute to that end by giving her as much trade as they can. In trade the Spaniards and the Cubans understand each other thoroughly, being of the same family. The exports of Cuba to Spain have fallen from \$8,000,000 in 1894 to \$700,000 in 1906, but with the renewal of old friendship it is reasonable to suppose there will be a revival of interchange of commodities.—Savannah News.

PERSONALLY CONDUCTED.

The G. O. P. and the Republican elephant are both tethered in the White House corral and branded O. K. T. R. Taft is laying lassoed and helpless on the back lawn, having also found his master in the President. In spite of these activities, Mr. Roosevelt found time to order the running of the Chicago convention, dictate the platform and such other small details as naming the Vice-Presidential nomination. It is hardly too much to say that the corrupt and vicious party is now conducted solely for the pleasure of one Theodore Roosevelt. "Mr. Roosevelt was not only in charge of the Chicago convention," said The New York World, "he is Mr. Taft's campaign manager, personal guardian and press agent combined. The season for special messages having closed last month with the adjournment of Congress, the President is now devoting his leisure to giving out 'statements from the White House.' There were two Tuesday—one relating to the Chicago platform, the other to Mr. Taft's religious connections. As the campaign progresses the country may expect to be informed from day to day through neatly typewritten statements given out by Secretary Loeb, 'on the highest authority' that Mr. Taft never wears any clothes not made of wool grown by American farmers or cotton raised by negro labor and manufactured in mills run on trade-union rules; that Mr. Taft prefers cold tea to lemonade in hot weather; but is open-minded enough to recognize the excellent qualities of both beverages; that Mr. Taft, while a true-blue Yale man, does not object to Harvard's winning at lacrosse, and that Mr. Taft comes of mixed Scotch, Irish, Puritan and Cincinnati immigrant stock equally represented among the men who wore the blue and the men who wore the gray.

"This is to be a personally conducted campaign for the Presidency on my policies by a man of my type personally selected by me."

The Florida State Farmers' Union will meet in Lake City on July 15th. A large attendance and an enthusiastic meeting is anticipated by the officers of the union.

REPUBLICAN BOASTING.

When it is considered that the Republican platform was inspired, if not actually written, at the White House, the fulsome praise of President Roosevelt in that document is perhaps not to be wondered at. "Pride cometh before a fall" and "he that exalteth himself shall be abased." Nor does the Republican party itself appear bashful in telling of the deeds it says it has accomplished, but that was to be expected, for claiming everything in sight is an old game of the Republican managers that has lost nothing since such modern players as the President have handled the layout.

The platform claims that the Republican party "developed the industries and resources of the country," but the fact is that long before the birth of the Republican party there was much more development, considering the population, than has ever occurred since. No party can develop the industries and resources of the country. The sweat on the brow of labor is all that can accomplish that and the pioneers, who in spite of the great obstacles, developed the West and indeed every State in the Union, received but little if any aid even from the government they created. They helped themselves and appropriated the riches that nature had provided and looked to no party for aid.

The policies of the Republican party have developed and fostered trusts and combinations of "industries" and such policies are still protecting those predatory industrial corporations in plundering the people. It must be doubted if any sensible voters will regard the tariff that protects the trusts, which has vastly increased the cost of living, as a help to them. The tariff helped to "develop" a panic more disastrous than any that preceded it and the effects of which are still so disastrous that wages are falling and the business of the country is one-fourth less than it should be, or would be, if sane policies prevailed.

The very fact that this boastful platform admits the necessity of "immediately" revising its most cherished policy of protectionism, shows that instead of having developed the industries of the country it has in fact retarded them.

Who but the favored few have benefited by the policies of the Republican party?

WEEP FOR THE EDITOR.

Very few people who read the daily papers realize the ceaseless toil required to keep the paper up to the standard and to satiate that never ceasing appetite of the public for news. Day in and day out the editor and his assistants labor unceasingly to fill the pages with matter that will please the readers and what little thanks or monetary returns are coming in only the makers of the newspapers know. The city, small or large, that has a good daily paper is blessed and all the patronage accorded the paper returns to the city one hundred fold.

The paper is with you in sorrow and in joy, prosperity and adversity and yet how little does the public look upon the one who is responsible for the appearance of the daily visitor into your home.

The editor is not supposed to have any worry or sorrow or vexations of this life, and his paper is cursed and discussed at will. But let that same paper suspend operations and there is nothing that will fill the aching void.

It is your home paper that makes your city what it is and by that same paper your own prosperity is judged.—Orlando Star-Reporter.

Oklahoma has the guaranteed deposit plan and the following Associated Press dispatch tells of its operation in the first bank failure since the law went into effect: Within one hour from the time H. M. Smock, Oklahoma banking commissioner, had taken charge of the International Bank of Colgate he had authority to pay depositors in full, though the bank's cash and available funds in other banks fell \$22,000 short of the total amount of deposits. The commissioner was enabled to do this under the operation of the new banking law, and this is the first time it has been called into use. Under the operation of the guaranty banking law in Oklahoma, a tariff of one cent is levied upon the average annual deposits of the banks, and this money is used in payment in full of all depositors of an insolvent State bank, after the funds have been exhausted.

The Philippine Congress by a vote of 67 to 15 has declared for independence. They, of course, do not know what independence means. Philippine population is formed of a large number of different races, with a different language or dialect and each animated, in a certain degree, with a spirit of hostility to the other. They want independence course they do! What child does want independence? The children of India, meaning the entire population, want to be independent of Britain. The tribes want the privilege of scrapping with each other they did for centuries prior to British dominion. The Cubans want independence, which means a pandemonium. All children want independence, or anarchy, ignoring the fact that in the strong hand government by law their only allies. As for the United States, true policy lies in taking such as will place the American rule in the Philippines in a position to quickly and strongly with any action that the insurgents may attempt to foment. A strong naval base at Manila, should be maintained in the orient. This will protect the island against internal troubles and foreign aggression.

One only has to meet him in his natural environment of his home to realize that William Jennings Bryan is at heart a farmer. Every day in the garden, every pig on the place is an object of Mr. Bryan's personal solicitude. He only regrets that tending and politics take him so far away from them. When at home his fingers fairly ache to drop the hoe and wield the pitchfork. "Good for a man to get his head to work to go to work with his hands," Bryan says. Sometimes through study window the smell of the grass is wafted across the campaign literature on his desk. The call of doors cannot be denied. Seizing old straw hat and giving his supporters an extra hitch, he's off to the hayfield, or wherever else the work's thickest, and "I've come to a hand, boys," he says. Last "Cash" Weiss, the hired man, as look him over and say, "Guess the heft of you, W. J., you can most by trampin' down." Then a in a blue sunbonnet, with a thin on her arm from which she is tending corn to the White Wyandott chickens, laughs mirthfully. Her band's increasing avoirdupois is her a matter of jest.

On last Saturday, while Mr. Johnson was coming to town, Hickman passed him in his car, frightened his horse, and before could be gotten under control horse reared up and fell on the shaft, which penetrated horse's side behind the shoulder, it almost instantly. Captain, when he saw that the horse was frightened, stopped the car waited until Mr. Johnson asked to go ahead, and it was not after the car had passed around in front of the horse that it began rear and pitch. While Mr. Hickman was not to blame, and was not responsible for the accident to Johnson, he showed his regret at loss by voluntarily giving Mr. Johnson a check for \$50 to help another horse.—DeSoto County News.

Uncle Joe Cannon is in a place. He is discredited by result of the Republican National convention. He is marked for slay by the Roosevelt-Taft machine, someone else will be selected to wield the Speaker's gavel who will be more subservient to White House influences. It is evident that the integration of the Republican of Lincoln has come at last due to its degeneration. What is expected of the central process that the young blood be inaugurated? The people will be satisfied long with that and we soon expect the G. O. P. to be from the political arena unwelcome but few mourners to sing its requiem.

The British ship Shepp was reported aground on the Spit, near Bebecra shoal light Monday and a number of vessels to her assistance. She was Tampa, bound to Dunkirk, Scotland with a cargo of phosphate.

S. F. SHEPPARD IS NOT GUILTY

Released From Custody in Judge's
Court of Hillsboro County.

WAS CHARGED WITH BLACKMAIL

Arrested in Gainesville by Deputy
Sheriff from Hillsboro County in
Connection With Threatening Let-
ter Which Had Been Mailed.

From Wednesday's Daily:

"Tampa, June 30, 1908.—I am all
right, and will be home on the first
train."
S. F. SHEPPARD.

This was the telegram received late
Tuesday afternoon by J. E. Malphurs
of this city. It was from the man
who was arrested here Saturday by
Deputy Sheriff McLain of Hillsboro
county charged with using the mails
for blackmailing purposes, and who
was taken to Tampa Saturday night.

Friends of Mr. Sheppard, who al-
ways maintained that there was some
misunderstanding, and that he was
not guilty of the charge, were delight-
ed to learn that the man had been
released, as there was no evidence
produced against him in the prelimi-
nary hearing.

An account of the arrest of Shep-
pard has already appeared. It ap-
pears that Sheppard became intimate
with a man by the name of L. S.
Fleming, who came here with his
family from South Florida about a
year ago and opened a restaurant
and small grocery at the corner of
South Garden and West Union streets.
A letter dated Gainesville, May 20, of
the present year, addressed to Julius
Ulmer, a naval stores operator at
Largo, demanded that \$1,000 be de-
posited in Phifer Bros. Bank at this
point to the credit of L. S. Fleming
within thirty days, or his (Ulmer's)
still and houses would be burned, and
that Ulmer would "die by the light
of the blaze."

This letter considerably agitated
Ulmer, who went to Tampa armed
with the document, and asked Sheriff
Hobbs what to do. Sheriff Hobbs
immediately deputized McLain on the
job. McLain came to Gainesville in
the garb of a cowboy and cattle buy-
er, ascertained that Sheppard and
Fleming had been good friends, al-
though Fleming left here several
months ago, and placed Sheppard
under arrest because the handwriting
of this letter bore a striking similar-
ity to that of Sheppard's.

Notwithstanding that the letter,
which demanded that this money be
placed in bank to the credit of L.
S. Fleming, had the signature of L.
S. Fleming attached to it, Sheppard
was hauled away to Tampa, and his
friends insisted that he was innocent,
although they were powerless to as-
sist him at the time.

Fleming Arrested.

Fleming was found in Orlando and
arrested Sunday, and was taken to
Tampa, where he and Sheppard were
both confined. The hearing was be-
fore County Judge Robles Tuesday,
and according to the message to Mr.
Malphurs, Sheppard must have been
released from custody immediately.

Fleming and his family belonged to
some fanatical religious sect—some-
thing between the famous "Holy
Jumper" and the Mormon—and it is
understood that it was in this way
that they gained the friendship of Mr.
Sheppard, who appeared for a time to
manifest considerable interest in the
proceedings of this sect—whether
through sincerity or curiosity it can-
not be said, for many were interested
in both ways.

Mr. Sheppard enjoys the confidence
of many of the people of Gainesville,
and he will be gladly welcomed upon
his return to the city.

FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so
successful in relieving the suffering
of women or received so many gen-
uine testimonials as has Lydia E.
Pinkham's Vegetable Compound.

In every community you will find
women who have been restored to
health by Lydia E. Pinkham's Vege-
table Compound. Almost every
one you meet has either been bene-
fited by it, or has friends who have.

In the Pinkham Laboratory at
Lynn, Mass., any woman any day may
see the files containing over one mil-
lion one hundred thousand letters
from women seeking health, and
here are the letters in which they
openly state over their own signa-
tures that they were cured by Lydia
E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable
Compound has saved many women
from surgical operations.

Lydia E. Pinkham's Vegetable
Compound is made from roots and
herbs, without drugs, and is whole-
some and harmless.

The reason why Lydia E. Pink-
ham's Vegetable Compound is so
successful is because it contains in-
gredients which act directly upon
the feminine organism, restoring it
to a healthy normal condition.

Women who are suffering from
those distressing ills peculiar to their
sex should not lose sight of these
facts or doubt the ability of Lydia
E. Pinkham's Vegetable Compound
to restore their health.

SANITARIUM ASS'N ALMOST SURE THING

Enthusiastic Meeting Held, At Which
Stock Was Subscribed.

CAPITAL OF TEN THOUSAND

Those Interested Are Going At the
Work With a Will, and It is Ex-
pected That Full Stock Will Be
Subscribed in Few Days.

From Wednesday's Daily:

At a meeting of the citizens of
Gainesville, which was held recently
to consider the subject of the organi-
zation of a stock company under char-
ter from the State of Florida, to or-
ganize and maintain a sanitarium in
the city of Gainesville, there was
every indication of enthusiasm and
success in the venture, and an associa-
tion was organized with a capital
stock of \$10,000, half of which has
already been subscribed, a number of
the leading business men and citizens
of the city having interested them-
selves by subscribing for shares.

At this meeting officers of the as-
sociation, which will be known as the
Gainesville Haven Sanitarium Associa-
tion, were elected as follows: W.
R. Thomas, president; Dr. C. F. Marsh,
vice-president; B. F. Hampton, secre-
tary and treasurer; H. E. Taylor, I.
E. Webster, Phillip Miller and A. M.
Cushman, board of directors.

According to the ideas of Dr. Marsh,
who is the promoter of this venture
which will no doubt be successfully
carried through, it will be the purpose
of the association to secure the Na-
tional Odd Fellows' Home, or in the
event of failure to secure this,
to erect a modern hospital and
sanitarium, advertise the same
thoroughly, and attract patrons
from every section of the United
States. After a thorough investiga-
tion, Dr. Marsh wisely came to the
conclusion that, taking everything
into consideration, Gainesville was the
proper place for such a resort, and
this will prove a big thing for the
city in every way.

A HAPPY WEDDING.

Two Popular Young People of La-
Crosse Join Hearts and Hands.

LaCrosse, June 30.—Mr. Alger Ca-
son and Miss Jodie Cox were married
at the home of the bride's parents
one mile east of LaCrosse Sunday af-
ternoon, at 4 o'clock.

The bride was dressed in a very
becoming dress of cream silk mull,
trimmed in dainty silk lace; while
the groom wore a handsome suit of
Shepherd checks.

As appropriate music was being
played, the little flower girls, Elloise
Cox and Sallie Lou Cason, marched
through the hall to the front veranda
and stopped just outside the beauti-
ful arch of evergreens.

The bride and groom came next,
and stood directly under the arch,
while Rev. F. M. Hartman spoke the
solemn words that made them man
and wife.

The decorations were pretty in-
deed. The arch was made of bamboo
and cedar, sprinkled with dainty
white flowers. Just in the center of
the arch hung a large bouquet of
beautiful roses.

The spacious front yard was deco-
rated with several pots of palms and
gave the appearance of a fairyland.

The color scheme of green and
white was beautifully carried out.

There were many useful gifts of
cut glass, china, silverware and
linen.

On last Wednesday evening the
young people of LaCrosse and neigh-
boring community gave the bride a
shower. After gathering at the home
of a friend to finish the arrangements
for the surprise, they proceeded to
the home of the bride's parents, and
many useful presents were bestowed
upon her. Those arranging for the
shower took cake and cream, and so
the evening was very pleasantly
passed away.

Among the large number of rela-
tives and friends present were the
grandparents and Captain Jack Carter,
great grandfather of the bride. Cap-
tain Carter is ninety-four years old,
and the couple feel specially honored
at having him present.

After literally covering the happy
couple with rice and offering con-
gratulations, the crowd left for home.

The numerous friends of these
young folks wish for them many long
years of happiness.

Other Notes.

The Odd Fellows Lodge of La-
Crosse elected the following officers
Saturday night: J. E. Parker, N. G.;
W. L. Carter, V. G.; D. D. Weeks, sec-
retary; J. C. Harris, treasurer. The
lodge is in a fine condition, and be-
ing one of the youngest in the State,
it has the distinction of being one of
the best.

Accidentally Himself.

Mobile, Ala., June 30.—T. C. Hand,
mayor of Bay Minette, county seat of
Baldwin county, Alabama, was arou-
sed early in the morning by chicken
thieves in his yard. Seizing a gun
he went out to investigate. The dis-
charge of the gun brought his family
to the scene. Mr. Hand was found
dead on the ground, his gun, it is
thought, having been accidentally dis-
charged. His brother founded the
city of Bay Minette. He leaves a
family, and was a man of considera-
ble means.

Died at Bridal Feast.

Cincinnati, June 30.—Mrs. Herman
Friedman, of Cleveland, O., died sud-
denly at the Cincinnati Club here,
while attending a dinner given in hon-
or of her nephew, Adolph Friedman,
of Grand Rapids, Mich., and his bride-
to-be, Miss Elsie Mihalovitch, of this
city. Death was due to heart failure.

RIG STRUCK BY CAR.

Brother of Late Millionaire Fair Prob-
ably Fatally Injured.

San Jose, Cal., June 30.—Andrew
Fair, brother of the late James G.
Fair and uncle of Mrs. W. K. Vander-
bilt, Jr., and Mrs. Hermann Oelrichs,
was probably fatally injured Sunday
in a street car accident on the out-
skirts of this city.

Fair, in company with W. A. Wal-
ton, his son's father-in-law, was driv-
ing home from church when their rig
was struck and overturned by an out-
bound South Tenth street car. Fair
and Walton, both of whom are old
men, were thrown into the gutter
and sustained serious injuries about
the head and shoulders. Walton will
recover but Fair is subject to heart
failure and it is feared that the shock
will prove fatal. Doctors last night
declared that the patient's condition
was precarious.

The late James G. Fair left his
brother \$50,000 in his will.

TO THE PUBLIC

The Diamond Ice Company want
to talk to you about ICE:

First—The consumers are inter-
ested, because they want pure, whole-
some ICE for home use.

Second—Retail ICE dealers are in-
terested, because they want full
weight, solid, hard, slow-melting ICE
they can cut up and sell in small
pieces at a good profit.

Third—Fishermen are interested
because they want ICE frozen down
around zero—so cold that it almost
freezes the fish and keeps them in
good condition a long time.

To all you people we want to say
that we are going to give you the
best service, and having the best
water in Florida, the very best ICE
this year you ever had. If you find
some other ice company trying to get
your orders by offering you ice at
5 cents a hundred less than we charge
you, or by some other doubtful propo-
sition, just remember that the Di-
mond Ice Company gives you good
ice and quick service, and you are
always pleased. So why not trade
with us? We always have treated you
right. We always will treat you with
every consideration. We always will
give you the best ICE and the best
attention you can get. So start with
us and stay with us. It will help you

UNMUZZLED DOGS WILL NOW BE SHOT

Ordinance Passed at Special Meeting of Council.

DOCTOR BIRD WAS PRESENT

Assistant of State Board of Health Urged the Passage of An Ordinance Which Would Check Further Possibility of Rabies.

Wednesday's Daily:

The people of this city are wrought over the existence of several cases of hydrophobia within the past three weeks, and have determined so far possible to put an immediate check on further possible danger.

Within the past month there has developed five cases of hydrophobia. Seven people have been affected, all of whom have been compelled to take Pasteur treatment. The last to leave Mrs. Jerry Runkle and daughter, Miss Clara Runkle and Mrs. J. Natzger, and Mrs. Natzger's little girl, all of the same household, who left for the Pasteur Institute in Atlanta Tuesday afternoon. They were bitten by a pet bull pup belonging to the family, which contracted rabies from the effects of a bite from a dog killed by W. N. Wilson about three weeks ago, after an exciting chase, in which it is said the animal was killed and bit many dogs.

On Monday afternoon a pointer belonging to A. M. Cushman, one of the victims of the dog above mentioned, was mad at the place in the country where the animal was being dealt, and it became necessary to kill it.

About three weeks ago the city council passed an ordinance requiring dogs running at large within the city limits to be muzzled. This ordinance was partially complied with, but so indifferent were some owners, and so careless were they in the use of muzzle used, this prompted the council to call a special meeting Monday, when an ordinance which put an end to the running at large without substantial muzzles was adopted.

Having made examination of the heads of two or three of the dogs, and of the rabies, which were removed from this point, Dr. Hiram Bird, first assistant to the State Board of Health, appeared before this special meeting of the council Tuesday morning at which time he made a very short talk, impressing upon the council the importance of adopting some precautions to prevent the spread of hydrophobia in this section. He especially upon the importance of quick action, owing to the exposure of many dogs in Gainesville before it was ascertained that hydrophobia existed.

Acting upon Dr. Bird's suggestion, an ordinance was passed and rushed through providing that no dog be allowed to run at large upon the streets of Gainesville without a substantial metal muzzle, and the city police are instructed to shoot with further ceremony any dog upon the streets in violation of this ordinance.

This will do away with the immediate danger of dogs in future, as the head of the animal when found without a muzzle is left with the officer.

DOG HAD THE RABIES.

Board of Health Made Report on Condition of Animal's Head.

J. Harrison Hodges, agent of the State Board of Health, has received telegraphic information from the board bearing the information after a close examination of the head of the bull pup belonging to Jerry Runkle of this city, which died after biting two persons on Monday last week, it was ascertained that the animal was certainly affected by rabies, which was the direct cause of the death.

The animal's death occurred in the Sun. The head was expressed Saturday morning to the State Board of Health, which reported in the finding as above stated.

Owners of dogs cannot be too careful, and all animals should be kept with a stout and serviceable muzzle. Instead of the "blue" which is frequently around the muzzles of dogs. This should be done for the animal's protection of all.

The bull pup was bitten about three weeks ago by the mad dog killed by W. N. Wilson on West Main street.

sonic street, after a lively and exciting chase. The thanks of the public are due Mr. Wilson and those who assisted him in the extermination of that dog before further damage resulted.

FOURTH OF JULY WARNING.

Some Timely Advice From the State Board of Health.

The following was sent to The Sun by the State Board of Health of Florida with the request that same be published:

Warning to Parents, Physicians, and Others: The Fourth of July is drawing near.

The day when people celebrate. While celebrating they sometimes sustain injuries.

And this is a more frequent occurrence than we usually suppose.

In 1903 there were 4,449 injuries in the United States received celebrating. Of these 466 died.

Ten persons lost both eyes.

Seventy-five people lost one eye. Fifty four lost a leg or an arm.

Lock-jaw resulting from injuries caused 406 deaths.

Now lock-jaw is a preventable disease. It cannot be cured, but it can be prevented.

It is technically called tetanus, and is due to the tetanus bacillus.

This germ, or microbe, is found normally in the intestine of the horse, and frequently in the cow. Hence street dirt and the dirt about barns and stables, is especially liable to have the tetanus bacillus present.

When a wound is sustained, though it may be small, if the tetanus bacillus gains entrance, it begins to grow and elaborate a toxin.

The wound may get well while this is going on, and little more is thought of it till lock-jaw supervenes.

Then it is eternally too late.

The time to prevent lock-jaw is when the injury is first sustained.

All dirty wounds should be thoroughly cleaned first of all. Then a dose of antitetanic serum (tetanus anti-toxin) should be given.

This applies especially to wounds contaminated with street or barnyard dirt, and those due to toy pistols and firearms. In 1903 three hundred and sixty-three of the four hundred and six deaths from tetanus were due to wounds caused by blank cartridges.

These directions have been carried out more or less since 1903. The results have been a great reduction of the death rate from lock-jaw.

In 1903 there were 406 deaths and in 1907 only 73 deaths from this disease.

Starved to Death

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge—you will be surprised at the results and how quickly it picks up. Incipient Mutiny Quelled.

St. Petersburg, June 30.—An incipient mutiny has been quelled at Viborg Fortress without bloodshed. Two carloads of artillerymen who participated in the mutiny were transported under a heavy escort to Medvid, in the province of Novgorod, to the prison, which formerly held Japanese prisoners and later the mutineers of the Preobrajensky Guard regiment.

Postmasters of the fourth class in Florida have been granted leave of absence for as many days, not exceeding five, as may be necessary to enable them to attend the annual State convention of the Florida League of Postmasters of the fourth class offices, to be held at Orlando, Florida, July 4, 5 and 6, 1908.

The Confederate Memorial Association is a new organization formed in Jacksonville Monday night with a large membership. Miss Sallie Holmes was elected president; Mrs. Porcher L'Engle, vice-president; Mrs. R. C. Cooley, secretary, and Mr. Lucian Boggs, treasurer. The association has in view the erection of a building on some prominent site in Jacksonville to cost about \$60,000, this building to be used exclusively by the Confederate organizations of the city and State.

Local officials of the Georgia Southern and Florida railway have received official notification that, effective July 1, the salaries of all employes of the company will be increased 10 per cent. In line with the actions of other roads the Georgia Southern and Florida railway inaugurated a retrenchment policy on March 1, 1905, when the salaries of all employes were reduced 10 per cent. The cut affected the salary of the highest official as well as the laborer. The raise will therefore prove a restoration of former salaries, and the employes along the lines from Macon to Jacksonville and from Valdosta to Palatka are jubilant.—Times-Union.

Ordinances providing for the inspection of the sources of Ocala's milk supply are demanded of the council of that city, and certain measures to determine whether the underground streams from which it draws its water supply are contaminated by its underground sewerage system are urged

upon the local board of health by The Ocala Star. Not in the same editorial, however. Editor Bittinger wouldn't insinuate that there is any connection whatever between the two supplies. But The Star is doing its duty by the people of the Brick City when it stirs up the authorities to take such steps and, if fevers are prevailing in Ocala, it is time that the water supply be inspected as well as the dairymen's herds and their products.—Times-Union.

A complaint has been lodged with the authorities about a party of two or three men who are engaged in killing alligators in the upper Miami river. The men have been here several days and do their hunting at night, using a torch with which to shine the eyes of the saurians, when they are shot and killed. They have been having very good luck, one night last week bringing in as many as fifteen 'gators, the most of them small size, and last night they killed one measuring 10½ feet. The hides are cured and shipped. The contention of the complainants is that there is a State law preventing the promiscuous killing, irrespective of size, of alligators, and also that some of the killing is done in that part of Miami river within the city limits. The authorities will give the matter attention and if the law is being violated put a stop to it.—Miami Metropolis.

Mr. J. E. Ingraham, third vice-president of the Florida East Coast railway, has closed a deal whereby the East Coast Hotel Company acquires the Low estate of 320 acres of valuable land on Plantation Key, and on it the hotel company will erect a monstrous new hotel, the largest in the world. This tract has a frontage on both the Atlantic ocean and the Bay of Florida, with deep water harbor. Mr. Ingraham has also contracted with Mr. Samuel Johnson of Planter, Key Largo, for an additional 360 acres for townsite purposes, a portion of the same to be used for the erection of a medium-sized hotel. Mr. W. E. Brown, civil engineer at Quarry for the past year, is in charge of the proposed improvements, and is on the grounds now with several assistants and a gang of men. Streets and avenues will be graded and improvements of all kinds started at once.—Florida Star.

An Ordinance to Regulate and Prohibit the Running at Large of Dogs Within the Corporate Limits of the City of Gainesville, Unless the Same be Effectively Muzzled, and to Repeal an Ordinance entitled "Ordinance No. 161—An Ordinance to Regulate and Prohibit the Running at Large of Dogs, Within the Corporate Limits of the City of Gainesville, Unless the Same be Muzzled." Approved the 5th day of June, 1908.

Be It Ordained by the Mayor and City Council of the City of Gainesville:

Section 1.—That it shall be the duty of the Marshal, or any Policeman of said city, to kill any and all dogs found running at large on any of the streets, or public places of said city, unless such dogs are effectively muzzled with a wire muzzle, so as to prevent its biting any person or animal.

Sec. 2.—The Mayor of the City of Gainesville is hereby authorized, when in his judgment, he deems it safe, to suspend the provisions of this ordinance, and when the same shall be suspended by him, he shall give notice by publishing one time in a newspaper, published in the city of Gainesville, of such suspension of this ordinance; and when he shall deem it expedient that the provisions of this ordinance shall be reinstated and made effective, he shall give notice in like manner, that the said ordinance shall again be enforced.

Sec. 3.—This ordinance shall take effect immediately upon its passage and approval, and a copy of same shall be posted at the door of the council chamber, and also published one time in a newspaper published in said city.

Sec. 4.—That an ordinance entitled "Ordinance No. 161—An ordinance to Regulate and Prohibit the Running at Large of Dogs, Within the Corporate Limits of the City of Gainesville, Unless the Same be Muzzled," approved the 5th day of June, 1908, be, and the same is hereby repealed.

Passed in open session of the City Council on this 5th day of June, 1908.

E. E. CANNON, President of the City Council.

Attest: J. M. DELL, City Clerk.

The above ordinance is approved by me this 5th day of June, 1908.

HORATIO DAVIS, Mayor.

Attest: J. M. DELL, City Clerk.

ADVERTISE IN THE SUN There's a Reason.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle-wraps, what his medicines are made of and verifies (under seal) This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

TORNADO WRECKS A TOWN.

Seven People Killed and Many Hurt at Clinton, Minn.

Clinton, Minn., June 30.—A tornado passed over this place Saturday afternoon killing seven people and injuring twenty-five, some seriously.

Twenty houses, a printing office and two churches were blown down.

The tornado was unaccompanied by rain, started three miles north of the town and destroyed two farmhouses that were in its path and swept over Clinton, which has about 400 population.

A Chicago, Milwaukee and St. Paul mixed train was just pulling into the station as the storm struck the town. Fifteen freight cars were blown off the track, as was also a passenger coach containing seventeen people. All were injured.

The Telegraph lines were blown down, but as soon as possible news of the disaster was sent to neighboring towns. Relief trains were run from Graceville, Ortonville and Montevideo.

BRENAU CHAUTAUQUA.

Auspicious Opening at Gainesville. Thousands in Attendance.

Gainesville, Ga., June 30.—With the sun in the heavens displaying in annular eclipse the chautauqu colors, black and gold, the Brena month-long chautauqua session began Sunday morning with a packed auditorium, 1,500 hundred people wearing the colors and enthusiastically over the beautiful day for beginning. The sermon was preached by Rev. James W. Lee, of Trinity church, Atlanta.

Hundreds of residences and practically all the places of business in Gainesville display elaborate decorations in honor of chautauqua—black and gold and the national colors are everywhere seen.

The entire country—from Oglethorpe and Clarke counties on the south, to North Carolina on the north, will be in Gainesville the Fourth of July, Independence Day, when the oration, free to all, will be delivered by Judge Emory Speer, of Macon. Twenty-thousand people are expected here that day.

A SAD DEATH.

Mr. Joseph Byshott, Well Known Citizen of High Springs, Dead.

High Springs, July 1.—Died, at High Springs on June 27, Mr. Joseph Byshott, aged 72 years, after an illness of seven weeks.

Mr. Byshott is survived by his devoted wife, a daughter, Mrs. M. L. Radford, of Waycross, and several step-children and grandchildren.

The funeral services were held at the Baptist church at 4 o'clock on Monday afternoon, and were conducted by Rev. J. S. Rogers, assisted by Rev. J. L. Yeates, of the Methodist church. The pall-bearers were Messrs. G. W. Easterlin, E. B. Godwin, J. L. Grimes, D. P. Fagan, S. B. Phifer and Tilton Edwards. The church was filled with sorrowing friends, and a long procession followed the body to the last resting place. All the business houses in town were closed during the funeral services, showing the respect and esteem in which Mr. Byshott was held by his townsmen.

For many years Mr. Byshott had been a faithful member of the Baptist church, and his daily life showed that he followed in the foot-steps of the Master. He has gone home to his reward, and while friends and loved ones mourn his departure, yet they know that he has entered into the joys that await the blessed.

His grave was covered with many beautiful flowers, the last tribute paid by loving friends. High Springs has suffered a distinct loss in the death of this good man.

BASEBALL ON THE FOURTH.

Y. M. C. A. Accepts Challenge of Captain of Independence.

To the Manager of the Independence Ball Team:

Your challenge to play ball on the Fourth of July for the benefit of the Y. M. C. A. is hereby accepted, and an earnest appeal is made to the citizens of Gainesville to come to our support and attend the game. The Y. M. C. A. work is a deserving one, and our branch is yet in its infancy and is in need of funds. We will promise a good exhibition of the National game and hope that you will aid us.

OFF TO PALATKA.

The Gainesville Ball Team Will Play the Gem City Boys Today.

The Gainesville Baseball Team will leave this morning for Palatka, where this afternoon they will cross bats with the boys of the Gem City.

Palatka has been playing some swift ball this season, having won ninety per cent of all games. The Gainesville boys are going up against a hard proposition, but they feel confident of winning.

THE NEWS FROM MELROSE.

Melrose, July 1.—Columbia College day was observed at the Baptist church Sunday afternoon with songs and recitations by the children.

The National flag at the town hall was half-masted on Friday as a token of respect for Ex-President Cleveland.

Dr. J. C. Davis left yesterday for Kansas City, after a short visit at Miss Jackson's.

Mr. and Mrs. L. D. Wall, from Starke, arrived in town last Friday to visit Mrs. O. C. Husband, who has been on the sick list for the past fortnight.

Mr. and Mrs. L. M. Baldwin, Miss M. Lee and M. Fletcher represented the Melrose Camp, W. O. W., at the recent meeting in Jacksonville. They report having a very pleasant time.

The many friends of Dr. Frank McRae will be sorry to hear of the death of his fine horse, "Doty," which occurred on Sunday night.

Rev. and Mrs. T. H. Sistrunk of Micanopy were in town on Tuesday, the guests of N. E. Priest.

A very lively ball game took place on Tuesday afternoon between the Waldo and Melrose teams. The home nine being only organized a few days ago and with hardly any practice, fell an easy victim to the visitors, by the score of 16 to 4. It is to be hoped that the Melrose boys will be able to play a return game when they are in better shape.

SERIOUS LOSS TO AN ALACHUA MAN

Home and Contents of J. M. Guinn Destroyed by Fire Tuesday.

\$540 IN CURRENCY WAS BURNED

Fire Was Discovered at a Late Hour at Night, Too Late for Flames to Be Extinguished—Family Barely Escaped With Their Lives.

As the result of a fire, which was discovered too late to extinguish flames, J. M. Guinn of Alachua lost his home and contents about 11 o'clock Tuesday night.

Mr. Guinn also sustained a serious financial loss, it is said, \$540 in currency, which was concealed in the house, having been consumed.

The flames were discovered leaking through the roof of the building and before the alarm could be given and assistance secured, the fire had so far advanced that the occupants of the home barely escaped with their lives, and it was impossible to save anything.

Mr. Guinn's friends sympathize with him in this loss, which was most serious one.

It is understood that the home and contents were partially insured.
